LUMON More room for life

Lumon Glazing Systems

Lumon's retractable and sliding glazing systems offers **more room for life,** while keeping you connected to the outdoors.

- Offers protection from the elements
- Opens to let in the breeze & closes to act as a windbreak
- Reduces unwanted outdoor noise

Lumon Retractable and Sliding Glazing

Lumon glazing is flexible, easy to use, and convenient to maintain.

Just like a convertible car, you can:

- Open it to connect with the outdoors, ventilate your space, and feel the breeze.
- Close it up to help protect from rain, wind, noise, and to stay cozy in the colder months.

	Lumon Retractable Glazing (LGR)	Lumon Sliding Glazing (LGS)
Benefits	• Offers unobstructed views of nature. • Increases the amount of time you can spend outdoors, year-round. • Creates a new “most popular room” in your home. • Gives back more room for life.	
Features	Offers flexibility, allowing single panels open at a time or staggering for just enough airflow.	Maximizes space for events, relaxing, and activities, sliding in one single motion.
How do they operate?	Panels slide individually along the track,retracting inwards or outwards at the end and stacking together.	Panels slide along the lower track, with each panel following the next, resting together on the end.
Efficiency & Engineering	• Energy efficient, carbon-neutral, and made from recyclable material. • Over 40 years of engineering and testing. • Machined, powder-coated aluminum. • Tough, single-glazed tempered glass.	
Additional Information	• Maximum height of 3 meters. • Glass thickness options of 8mm I 10mm I 12mm (LGR only). • 5-year warranty.	

A Lumon glass balcony façade combines modern aluminum railings with frameless retractable glass panels, creating an elegant, contemporary glass balcony façade system. They can be customized to existing railings and building structures.

> "What we love about it is the fact that we can use it year-round. We have hosted many friends and family members and everyone who comes enjoys the cozy comfort of being outdoors."
>
> Veronica B.

> "Lumon's retractable glass wall has turned our seasonal patio into a room that we are thoroughly enjoying. The Lumon glass walled patio has offered us a space that is dust and insect free, warmer or cooler, with spectacular forest views, and also a room with ambiance and atmosphere."
>
> Patrick D.
