ECONO WEDGE SHIM

Glazelock Econo Wedge Shims' smaller size means less waste, saving you time and money on every application.

The Glazelock Econo Wedge Shim is the shorter, smarter alternative for applications that don't require a full-length shim. No more breaking and wasting perfectly good longer shims. This intelligent design directly saves you material, time, and money.

- Less waste, more value
- Made of recycled plastic
- Scored lines to make even shorter
- Approx. Size: 5-1/2" x 1-1/2" x 3/16"

Item #	Description	Pkg	Weight
