CALIFORNIA CUSTOM MILLING

A DIVISION OF
— ROYAL PLYWOOD CO —

Providing Superior Custom Milling for Over 30 Years

California Custom Milling, a division of Royal Plywood Co, is proud to showcase a 10,000 square foot, state-of-the-art wood milling facility located in Placentia, California. Our machinery and experience enables us to produce the best quality millwork, that is second to none. In addition to custom, we have hundreds of different profiles with templates generated via CAD design. All tooling is performed on-site.
