S-Series

Our flagship series of steel-framed openings known for highly customizable designs and superior performance for larger spaces.

Lift

Hinge

Float

Fold

Every Renlita opening is custom-engineered to the demands of your project. Dimensions, materials, glazing, finishes, and operation are selected to meet both design and performance

Flex

E-Series

The next evolution of electric linear actuator-driven or gas-strut-assisted openings. Perfect for residential, restaurant, and hospitality spaces.

Vue

Wave

T-Series

Our straight-track high-performance sectional system is engineered to reduce intrusion and maximize usable space, creating a beautiful opening without compromising room design or comfort. *(0.29 U-Value*)*

SkyStack

*Estimated Achievable U-Value

requirements. This flexibility allows us to solve complex architectural conditions without compromise. The result is a refined opening designed to integrate seamlessly into the space.

Why Renlita?

Industry Expertise

Renlita has been building creative openings for more than 20 years. During that time, we have built and installed hundreds of award-winning designs on four continents.

Unmatched Engineering

We Build with architectural-grade materials and proprietary designs for unrivaled performance, security, and longevity in the industry.

Collaborative Partnership

We work directly with our experts from concept to installation for flawless execution of your vision, whether custom or curated.

Masterful Product Integration

Our core skill is creating flawless, weather-tight openings that unite structure, aesthetics, and the outdoors with integrity.
