ZOOMflor™ Modular Flooring

The ZOOMflor™ tile system is a floating interlocking floor system, the 12" x 12" tiles are quick and easy to install. Holds 12,000 lbs per sq. ft.

Individual tiles are snapped together to form a continuous surface that is durable and comfortable.

Great for the garage, workshop, basement, cold cellar, playroom, laundry room, trade show flooring, and more!

Design your own floor today by going to zoomflor.com
