

LOW PROFILE (TAPERED) ATTIC VENTS For Standing Seam Metal Roofs

Specifically Designed and Tested
for Standing Seam Metal Roofs

PATENTED
DESIGN INSTALLS
BELOW SOLAR
PANELS

UPGRADES?

CLIMATE-RESISTANT SERIES Flame | Ember | Snow | Rain

NET FREE VENTILATION AREA

1/4" Wire Mesh	78.00 sq. in.
1/8" Wire Mesh	70.20 sq. in.

Figures based on independent evaluation reports.

FEATURES

- 26 Gauge G90 Galvanized Steel
- 20 Year Warranty
- 1/4" Noncombustible, Corrosion-Resistant Wire Mesh
- 4" Flange

METAL UPGRADE OPTIONS

- .032" Aluminum, 50 Year Warranty
- 16 oz. Copper, 50 Year Warranty

CLIMATE-RESISTANT UPGRADE OPTIONS

Stainless Steel or 1/8" Noncombustible, Corrosion-Resistant Wire Mesh

Patented Stainless Steel Fine/Flexible Wire Filament

Z-Baffles (Snow Load)

Recommended in areas where Ice Barriers are required (IRC 905.1.2).

O'HAGIN VENTS EXCEED INDUSTRY PERFORMANCE STANDARDS

CLIMATE-RESISTANT ATTIC VENTS FLAME • EMBER • SNOW • RAIN

TESTED to 140 mph wind-driven rain (category 4 hurricane).
PASSED: Wind-driven rain tested for 75 feet–five plus stories.

TESTED to meet the specific requirements of Chapter 7A of the California Building Code for flame and ember exposure.
PASSED: NO cotton ignition.

LOCAL AND NATIONAL APPROVALS

O'Hagin is a recognized leader in attic ventilation testing and design.

O'Hagin vents are manufactured and protected under one or more of the following patents (other U.S. and foreign patents are pending): D456,531; D457,234; D458,391; D458,392; D469,889; D479,885; D504,172; D512,774; D549,316; 6,050,039; 6,129,628; 6,354,051; 6,390,914; 6,447,390; 6,491,579; 9,011,221

BENEFITS OF ATTIC VENTILATION

INSTALLING A CODE-REQUIRED BALANCED VENTILATION SYSTEM GENERATES SUPERIOR AIR MOVEMENT

Benefits:

1. Extends the life of your roof by lowering temps in warmer months and removing moisture in cooler months.
2. Secures maximum efficiency through a balanced design. (50% High/Exhaust and 50% Low/Intake)
3. Patented design installs below solar panels.
4. Metal roofing manufacturers require compliance with attic ventilation codes such as the IRC & IBC to validate warranty.
5. Promotes a healthy home, reduces moisture and trapped gases to improve indoor air quality.
6. Conserves energy by naturally introducing ambient air into the attic while exhausting stagnant air.

CUSTOMER FEEDBACK

“There is never time to do it right, but there's always time to do it over. Once we switched to O'Hagin, our callback rate fell through the floor. Installing the best product on the market really made a difference.”

– ROOFING CONTRACTOR

“Less is more except when it comes to \$\$\$ (money). We primarily install O'Hagin because it is easier, more efficient, produces fewer hassles and is ultimately much more profitable.”

– CONTRACTOR

“The right answers pay. Literally. We dramatically increased our sales by incorporating an O'Hagin Attic Ventilation Analysis with every proposal.”

PROJECT NAME:
LOCATION:

CODE APPLIED: International Residential Code, (2021) Chapter 8 Roof Ceiling Construction, 803.6 Roof Ventilation (Page 8-46) & International Wildland Urban Interface Code (2024); Chapter 5 Special Building Construction Regulations, Section 504 & 505 Ignition Resistant Construction (Page 30-32)

KEY RESOURCES: WILDFIRE RISK TO COMMUNITIES

Have the attic vent layout and calculations you requested? We've created an easy to follow attic ventilation plan. Some guidelines to keep in mind:

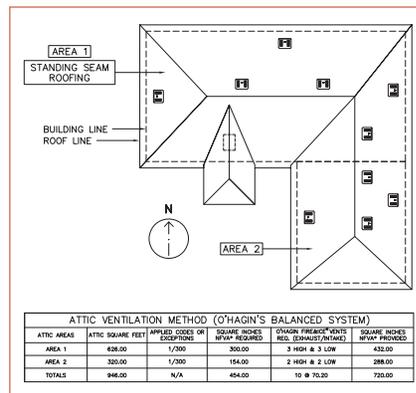

- Our work is only as good as the information provided – check with your local code official before starting any work – and use an industry professional to install all products.
- Use only O'Hagin Attic Ventilation Products for your project's attic ventilation requirements – O'Hagin Attic Vents are designed for use as both INTAKE and EXHAUST vents – using other types of attic ventilation products may result in an "unbalanced" ventilation system and the potential for a reduction in results.
- For specific information regarding high fire danger or Wildland Urban Interface (WUI) zone, visit www.ohagin.com
- For specific installation requirements, complete installation instructions, warranty information and more, visit our website at www.ohagin.com

We value our thought partnership and take pride in being part of your project.
