# INSPIRATIONS COLLECTION OF NON-COMBUSTIBLE MANTEL SHELVES MADE IN THE USA

What makes these mantels so special? They are (ASTM E136) non-combustible replicas of actual pieces of wood and stone formed or naturally patinaed by Mother Nature's magical beauty. Our subjects were found in rock quarries, barns and forests. Each model is completely unique to Pearl Mantels and will not be found or seen anywhere else in the market.

**NEW! THE TAVERN**

60"L x 6"H x 8"D 110lbs.

and 72"L x 6"H x 8"D 120lbs.

The hand hewn White Oak timbered beam that was the architect for our patented molding material was rescued from a Midwestern barn that no longer functioned. Storied with years of history and Mother Nature's magic, this mantel is the perfect compliment to your indoor or outdoor décor. Due to the natural imperfections captured in the reclaimed wood, the shelf will not have uniform dimensions, i.e. shelf height and depth will be marginally different across the entire mantel.

**ALL MODELS SHOWN IN 72" LENGTH. THE 60" LENGTH IS MADE FROM THE SAME UNIQUE MOLD AS THE 72" AND WILL VARY SLIGHTLY IN APPEARANCE.  
PLEASE VISIT OUR WEBSITE [WWW.PEARLMANTELS.COM](http://WWW.PEARLMANTELS.COM)**

**FIELDSTONE FINISH:** 72" MODEL NCT-72FS AND 60" MODEL NCT-60FS

**RIVER ROCK FINISH:** 72" MODEL NCT-72RR AND 60" MODEL NCT-60RR

**TOASTED RYE FINISH:** 72" MODEL NCT-72TR AND 60" MODEL NCT-60TR

**NEW! WHEAT FINISH:** MODEL NCT-72W AND 60" MODEL NCT-60W

Heat clearances must be adhered to. Before installing, check your local building codes and manufacturer's instructions for your specific fireplace insert or stove.

## THE NEW RIVER

60"L x 6"H x 6"D 70lbs.

and 72"L x 6"H x 6"D 75lbs.

Reclaimed from the barn it once supported, this statement piece is rich with history and character. Made in the USA, the beautiful nuances created by its labor intensive past and Mother Nature have been cast and preserved by a patented molding material. Each piece is then meticulously hand painted and finished just waiting to welcome you home. Due to the natural imperfections captured in the reclaimed wood, the shelf will not have uniform dimensions, i.e. shelf height and depth will be marginally different across the entire mantel.

**ALL MODELS SHOWN IN 72" LENGTH. THE 60" LENGTH IS MADE FROM THE SAME

## THE CUMBERLAND

60" L x 6" H x 8" D 110lbs.

and 72" L x 6" H x 8" D 120lbs.

For use indoors or out, this live edged ASTM E136 non-combustible mantel shelf was replicated from a Pine wood beam found nestled in the woods near some old barns. Although its origin is unknown, its character is very much alive with its history. Saw marks, bark remnants, insect life, weathering and natural beauty are all meticulously captured and preserved by a patented molding material and then lovingly hand painted and finished. Made in the USA, this shelf has an 8 inch depth allowing for ample room on top for personal affects. Due to the natural imperfections captured from the reclaimed wood, the top of the mantel shelf will have natural offsets and depressions, versus a flush top, and the dimensions will vary slightly, i.e. shelf height and depth will be marginally different across the entire mantel.

**ALL MODELS SHOWN IN 72" LENGTH. THE 60" LENGTH IS MADE FROM THE SAME  
UNIQUE MOLD AS THE 72" AND WILL VARY SLIGHTLY IN APPEARANCE.

## NATURAL CUT STONE NON-COMBUSTIBLE MANTEL SHELF

*Shown in Greystone Finish*

### NATURAL CUT STONE

60"L x 5"H x 9"D 100lbs.

and 72"L x 5"H x 9"D 115lbs.

The chiseled front edge springs to life through the artistry of a meticulously hand painted finish. Made in the USA, this shelf has a 9 inch depth allowing for ample room on top for personal affects. Due to the natural imperfections captured from the Limestone, the top of the mantel shelf will have natural offsets and depressions and the dimensions will vary slightly, i.e. shelf height and depth will be marginally different across the entire mantel.

*Heat clearances must be adhered to. Before installing, check your local building codes and manufacturer's instructions for your specific fireplace insert or stove.*
