

CLEAN GREEN®

Multi-Purpose Masking, Protection, and Repair Tape

Clean Green® is one of our most unique products! Designed to be 60-day clean removal outdoors and 6-month clean removal indoors. Clean Green® has proved successful in many different industries – including construction and auto glass – due to properties such as chemical/solvent resistance, hand-tearability, and repositionability.

HAND TEARABLE

Easy to use and tear by hand.

CLEAN REMOVAL

Up to 60 days in direct UV exposure and 6 months indoors.

CHEMICAL & SOLVENT RESISTANT

Great for polyaspartic, epoxy and moisture-cured urethane masking.
