# Vertical

Make space for the important things in life. Turn your bedroom into an office, your studio into a sleeping area, or your guest room into a cozy reading room.

Our innovative hardware utilizes automatic folding leg technology and pneumatic dampening for ease of operation.

Our horizontal bed's unique, space-saving design seamlessly integrates into any modern living space, offering an elegant solution for maximizing space in any room.

While you may find other Murphy Beds online, no other competitor offers the same level of quality and customer service as Murphy Door.

# The Makings of the Perfect Murphy Bed

Your Murphy Bed arrives unassembled pre-cut and pre-drilled for simple assembly and installation. Simply pick the style, size, wood type, and finish. Easily add cabinets for added functionality.

Our Murphy beds work with standard mattress up to 11" thick. When not in use, our innovative design won't compress or damage your mattress, ensuring a comfortable nights sleep for many nights to come. The unique design doesn't require a box spring reducing the amount of space your hidden bed uses when not in use without sacrificing comfort or stability.
