## No-Strap Knee Pads

**SOFT KNEES® XL KNEE PADS** are for workers who frequently kneel for short periods of time. The sturdy, lightweight **SOFT KNEES® XL KNEE PADS** molded pad is barely noticeable to the worker when standing and walking, unlike the heavy, cumbersome strap-on pad. Simply roll **SOFT KNEES® XL KNEE PADS** into a tight roll and insert into the opening in the bottom of the double knee of most double knee workwear.
