PROVA PINNACLE®
Modular Shower Pan System

FEATURING
PRE-PAIRED®
TECHNOLOGY

UNFOLD THE POSSIBILITIES

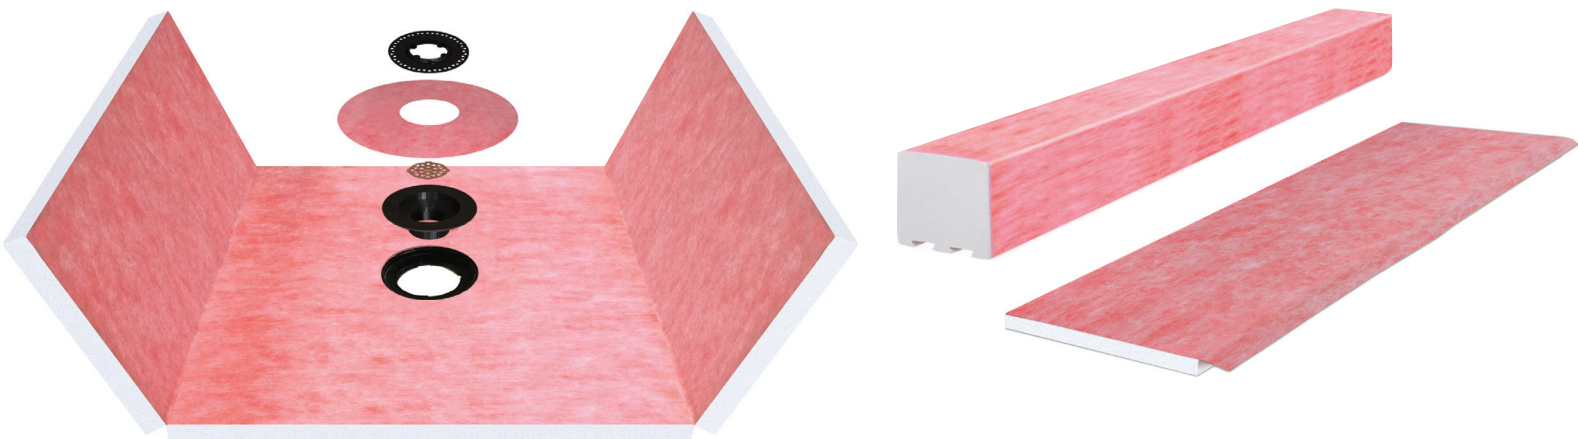

Introducing the **PROVA PINNACLE®** modular pan system. The industry’s best, out-of-the-box, drop-in-place, EPS Foam shower base with **PRE-PAIRED®** Technology and a twist-and-seal drain.

FEATURING
PRE-PAIRED®
TECHNOLOGY

With pre-paired system components combining 100% waterproofing protection with drain receiver and leak-proof fold lines.

The PROVA PINNACLE® modular pan with PRE-PAIRED® Technology features fold lines intentionally placed away from the drain receiver to eliminate the risk of leaks at the weakest point, which has the highest potential for moisture damage. The built-in waterproofing benefit and the fold-out design provide a no-fuss, low-cost, time-smart installation experience.

EXPERIENCE **25%** FASTER INSTALLATION
COMPARED TO LEADING PRODUCTS IN THE INDUSTRY!

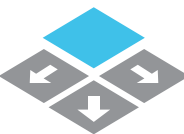

AWE-SOME FEATURES TO LOVE:

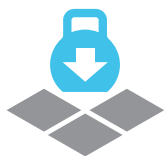

REINFORCED LEAK PREVENTION
Designed with a high-density EPS foam base and an embedded drain receiver, our pan provides sturdy support right at the drain rim, eliminating the risk of leaks. The pan features a twist-and-seal connection to standard pipe fittings, making it easy to dry fit and remove for perfect alignment.

LIGHTWEIGHT & PORTABLE
Easy to carry and folds up effortlessly for more accessible transport and storage. It's perfect for large-volume jobs or if you are tight on space.

VERSATILE & ADAPTABLE
You can slay any shower job effortlessly with complementary extensions and curbs. With extensions featuring a unique built-in built-in PROVA MAT® overlap to streamline installation and improve efficiency.

DESIGNED TO ACCOMODATE HIGHER POINT LOADS
Our pan can handle it all, whether you're going for chic small tiles or bold, large formats. It's ready to support your bathroom design vision.

QUALITY YOU CAN TRUST
Engineered to resist mold and mildew, high-density EPS foam pre-laminated with PROVA-MAT® for a 100% waterproof base. Plus, our lifetime warranty backs up our confidence in our product.
