Wall Panel / Siding

Application:
 General residence, restaurant, shed,
 greenhouse, pool cabana, meeting room, ceiling,
 seaside cottage, mobile home, etc.

Advantage of TAWIN Wall Panel series

1. Self-fire extinguishing, nonflammable.
Corresponds to the burning test of UL-94 V-0 Grade and CNS7614 and we also offer ASTM E84 Class A grade panel.
2. Water repellent / waterproof.
3. It is impenetrable to insects or termites.
4. Resistance to weather, special chemicals and high impact strength.
5. Will not rot, rust, or mold.
6. No chipping or peeling.
7. Sound-insulation: compact combination of foamed materials that would increase the soundproofing.
8. Natural vein pattern: appearing authentic tree grain and showing particular taste.
9. Easy to cut, drill and rivet.
10. Easy maintenance and no need to paint.
11. Fast construction for increasing your productivity and saving on manpower cost.
