

PASSIVE HOUSE DESIGN

PREMIUM DECK MOUNTED SKYLIGHT PDS SOLAR POWERED VENTING

FAKRO PDS deck-mounted solar-powered skylights combine ventilation and energy-efficient performance in a modern, thermally enhanced design. Ideal for residential and commercial applications, PDS skylights feature triple-glazed glass, a highly insulated PVC frame, and a solar-powered venting system with an integrated battery, remote control, and rain sensor for convenient operation.

Features:

- frameless glass-to-edge design
- integrated solar panel with battery and rain sensors
- PVC frame with EPS insulation for energy efficiency
- suitable for flat or pitched roof with slopes from 0°-60°
- low-emission and heat-reflecting triple glazed glass
- remote control and mosquito screen included

FAKRO

Energy-Efficient Triple Glazed Glass
for year round weather conditions

0/12 - 21/12
ROOF PITCH

FAKRO skylights are designed and manufactured to comply with applicable IBC, IRC, and IECC requirements. Where applicable, products are tested and certified to NFRC and CSA standards. Certification may vary by skylight type and model; contact us for specific product details.
FAKRO glazing units feature highly selective solar glass and meet NFRC, IGCC (Insulating Glass Certification Council), and IGMA (Insulating Glass Manufacturers Alliance) requirements, including initial and post-gas-fill weathering certification.

The FAKRO FWU 24/46 egress roof window has been tested in accordance with IRC Sections R310.1.1 and R310.1.2 and is certified as a Fire Exit (Egress) roof window.

Certificates are available at www.fakrousa.com
