Top & Bottom Rail Profile

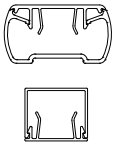

Align Aluminum Railing featuring DropLock™ Technology

A faster, simpler aluminum railing system featuring innovative drop-in installation and pre-assembled panels.

- DropLock™ Technology simplifies installation
- Pre-assembled panels reduce labor, clean up, and minimizes installation errors
- Secure bracket-and-post design with no exposed fasteners
- One post works for line, end, and corner applications
- Available in true 6' and 8' lengths for fast installation and consistent, accurate rail placement
- 36" and 42" heights

Textured Black | Textured White | Bronze

Top & Bottom Rail Profile

Essential Aluminum Railing

Clean lines, lasting durability, and exceptional value. Available in multiple configurations to fit a wide range of projects.

- Available in Textured Black, Bronze, and White
- Pre-assembled panels or kits with pre-routed top and bottom rails
- 36" and 42" heights
- 6' and 8' lengths

New Cable Rope and Hardware System

Simplifies installation, delivers a cleaner look, and is available in black and stainless steel finishes.

- New black stainless steel cable offers a seamless, cohesive appearance that complements black railing components
- Faster installation with fewer assembly steps
- Reduced part count and more intuitive tension adjustment
- Cable available in lengths from 10' to 70'
