

SOLACE LOUVERED ROOFS

Outdoor Elements® Solace Louvered Roofs are our premier louvered product line. Our exclusive custom design is engineered to provide high performance and resiliency in a multitude of climates from snow and high heat to humidity and wind. The Solace is manufactured with our patent-pending louver, designed with the ability to extend up to 15'6" in width, making it one of the largest and most durable louvered pergolas on the market.

When planning for a large outdoor living area with multiple zones like a pool, outdoor kitchen, or entertaining area, Solace Louvered Roofs are an ideal option due to their expanded span capacity.

Solace louvered roofs enhance your outdoor living experience in any season and climate. In hot and humid weather, the dual wall system acts as a thermal barrier, absorbing heat to keep your surroundings cooler. For cold evenings or snowy climates, the dual wall system acts as an insulator to retain heat.

Benefits of Our Solace Pergolas by Outdoor Elements:

- **Elegant and modern design:** The flat bottom design echoes the look of a tongue and groove ceiling, offering a sophisticated, aesthetically pleasing appearance.
- **Expanded coverage:** With our upgraded louver, covers up to 346 sq. ft. in a single zone and streamline your investment with a cleaner, more refined look. The Solace is our largest single zone system.
- **Dual wall construction:** Our 10-inch dual wall louvers are thoughtfully engineered with a gently curved upper profile to guide rainwater away and a flat lower surface, separated by 2 inches for enhanced structural performance. Available in 8', 10', 12', and 15' 6" lengths, offering flexibility for more precise layouts and beautifully tailored outdoor living designs.
- **Engineered to withstand up to 70 lb. snow load & 160 Mile Per Hour Winds:** The Solace is built for strength, durable for extreme snow and wind conditions.
- **Smart control options:** Can be controlled using any smart device with our state-of-the-art app, or with our proprietary handheld remote control.
