

SWIFTLINE PERGOLAS

Transform Your Outdoor Space Quickly with Swiftline Pergolas

Designed and engineered with the same exceptional quality of our other product lines, Swiftline Pergolas are pre-constructed and ready for quick shipping and installation. The shipping speed and ease of installation makes these an ideal option, especially if you have a short timeline for enhancing your outdoor space. Unlike other similar products, these also have integrated gutter and drains that help filter out the rainfall.

Easily transforming your outdoor living space into an inviting retreat in any season, the adaptable Swiftline Pergola by Outdoor Elements is ideal for spaces in your backyard such as over a hot tub, BBQ area, or poolside. They also work in perfect unison with other Outdoor Elements pergolas, giving your outdoor space the ultimate in adaptability.

Benefits of Our Swiftline Pergolas by Outdoor Elements

- Pre-made system is ready to ship when you need an installation quickly
- Control your environment and respond to the moment with our Innovative Outdoor Elements App to control the lighting, louvers, and more
- Bring illumination and color to your outdoor space with our Patented LED Lighting System: Integrated LED, LED Colors RGB
- The integrated gutter and drain system filters out the rain, which is not included in other brands' systems
- Crafted from powder coated aluminum, offering superior quality and durability that is backed up with our 15-15-5 warranty
- High quality materials give you a beautiful structure that will also stand up to weather and resist corrosion
- No permit required in most areas (If system is between 100SF-120SF)
- Easy to clean and maintain
