LED MIRROR LAMP

AND MIRROR CABINENTS

VALUES

COMPETITIVE

We make products with SUPERIOR MANUFACTURINGVALUES that are affordable for users.

Top quality

Lighting systems that ensure the functional reliability of our mirrors.

- ✓ UV Test -> anti-crack, anti-yellowing
- ✓ + 200.000 on/off cycle test
- ✓ Thermal shrinkage test
- ✓ Thermal management test
- ✓ 24-72 hours Life test

we reduce returns.

We reduce the consumption of electricity while increasing functionality.

Own Manufacturing and Quality Controls.

Maximum Safety

- Safe in spaces with high humidity
- 100% tested product
- Safe and easy installation

Innovation

Patented, state of-the-art lighting systems that provide

+ LIGHT

+ SAVINGS

+ DURABILTY

APPLIED TO OUR LIGHTING SYSTEMS

Maximum Functionality

- Quality of light
- Quantity of light
- Uniformity of light

Warranty

- Tested for salt spray
- Durability: 30,000 hours
- Transport shock testing
- Easy to handle packaging
- All product in IP44

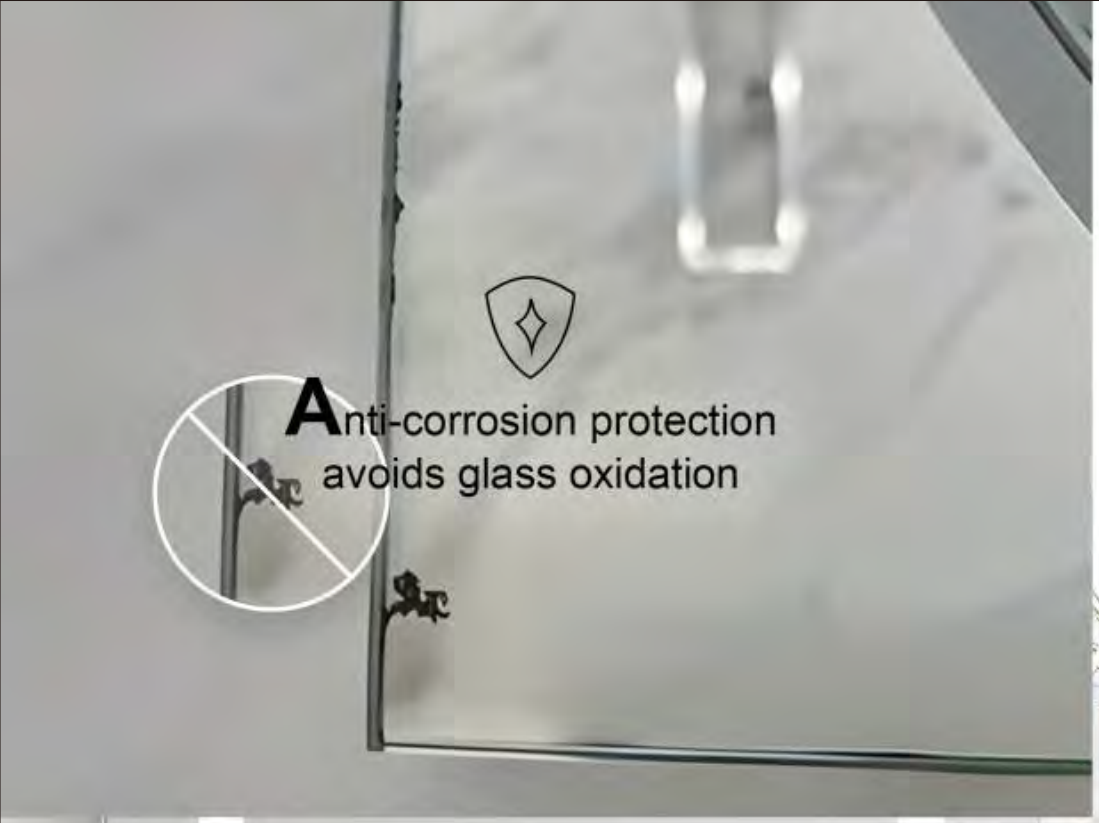

MULTI-FUNCTION ON MIRRORS

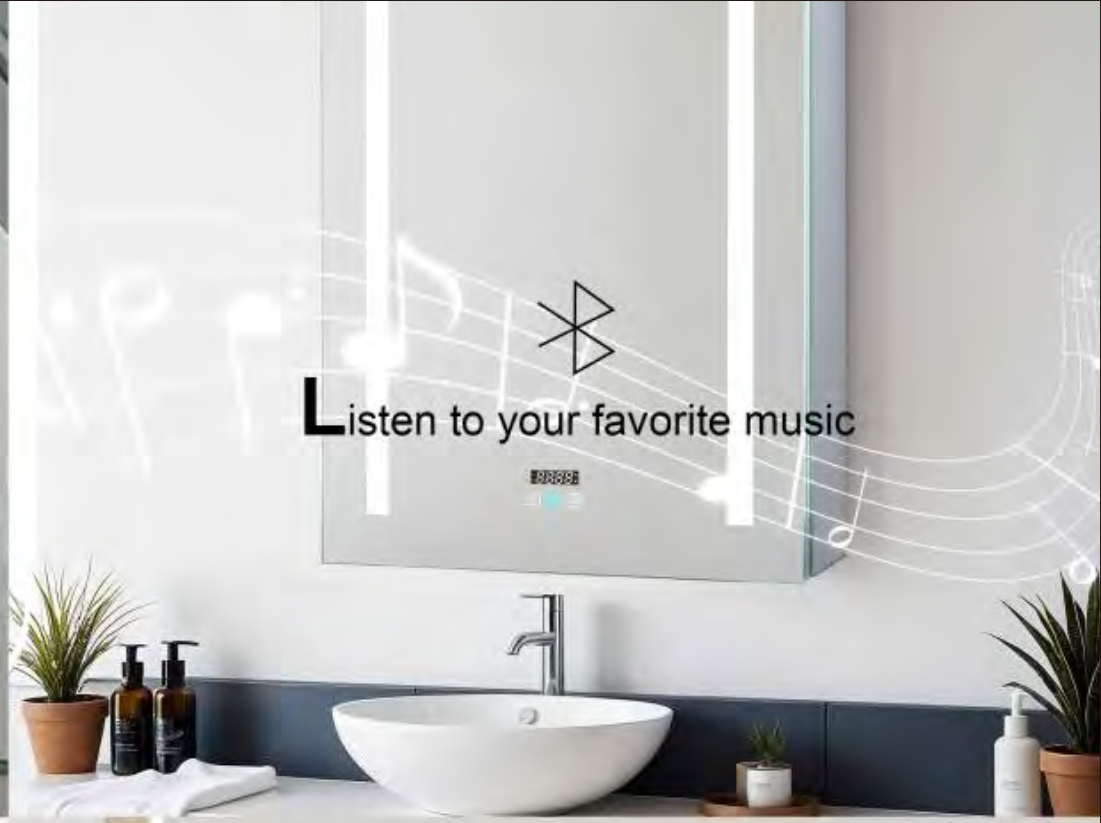

AEL not only provide best lighting to our products, but also include multi- functions and values that improve user experience and the quality of people's day-to day activities.

2 positions to better fit to the space

Anti-corrosion protection avoids glass oxidation

Listen to your favorite music

Touch switch to easily control lighting, defogging and other functions directly from the mirror.

Charge your devices by wireless charger or USB type C

Defogging function guarantees perfect visibility

Adjusting color temperature and brightness

Frameless LED mirror Lamp

FEATURES

Provides brighter and softer frontlit and backlit lighting with adjustable brightness and color temperature, Aluminum backside; Smart Memory Function, With anti-fog; Size available on demand from L20 x W28 in(L508 x W711 mm) to L72 x W 36 in(L 1830* 915 mm); The square mirror can be installed as portrait or landscape; Two or Three separately Touch switches.

Adjustable brightness and color temperature

FEATURES

This LED magic mirror has distinctive features. When the light is off, it presents as a complete mirror, with no visible traces of any light - emitting windows on the mirror surface. It looks just like an ordinary high - quality mirror, maintaining a smooth and seamless appearance. However, when the switch is turned on, light - emitting windows will appear on the mirror surface. This unique design combines the functionality of a regular mirror with the special effect of illuminated windows. It not only serves as a practical mirror for daily use but also adds an element of surprise and novelty. Whether it's for a modern bathroom or a stylish dressing area, this LED magic mirror can enhance the overall aesthetic and functionality of the space with its innovative on - off transformation feature.
