- ✓ Plumbing Guide
- ✓ Tiling Guide
- ✓ Construction Cover Removal Guide
- ✓ Hydrostatic Valve Guide

Why Plungie is the pool solution for your clients.

Increase number of potential buyers

"Pool" is the number one search term on realtor.com. Increase the property sale by increasing the number of buyers.

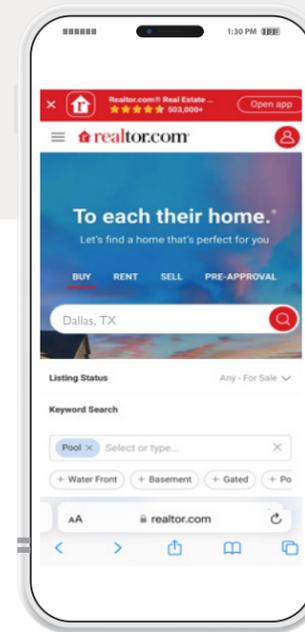

Increased property value

A pool can lift your home's value by up to 7%. Real estate agents are finding it's often about \$100,000, but sometimes as much as \$300,000 at the luxury end.

Speed of installation

Installing a Plungie is over 74% faster than a traditional pool build. Often operating with the fastest lead times within the industry.

Cost transparency

As a manufactured precast pool solution, this allows for reliable pricing upfront.

Advanced off-site manufacturing

Plungies are manufactured off site, removing variables from the construction process.

Our commitment to purpose-built concrete pools, backed by engineering, in-house design, and R&D, ensures maximum durability and structural integrity, setting them apart from other precast pool manufacturers who offer re-purposed alternatives.

After sales support and 10-year warranty

Each Plungie comes with a 10-year warranty. With Plungies dedicated customer experience and dispatch team, we ensure the delivery is seamless assisting with after sales support enquiries or warranty claims.

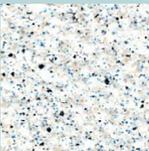

## INCLUSIONS

- Highly engineered concrete pool shell
- High performance ecoFinish interior
- Multi-colored LED light
- Poolrite innoSkim skimmer box
- Pre-fitted hydrostatic valve
- Two pre-plumbed returns and two secondary suctions
- 10 year warranty

## ECOFINISH

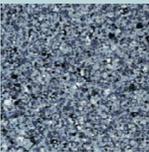

ecoFinish is a highly engineered form of powder coating that's heat-blasted onto the internal shell of the pool, forming a completely sealed, flexible, waterproof membrane that's both luxurious to the touch, and highly durable.

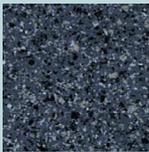

Kona Coast

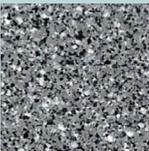

Sahara Sand

Blue Lagoon

Mediterranean Blue

Grey Reef

French Grey

## EQUIPMENT

Your Plungie includes a skimmer box and standard piping ready to connect and go.

An equipment package including pump, chlorinator, filter and optional heater can be added to your order and delivered direct from our trade partner.
