KWIKSET FLEX SMART GARAGE DOOR OPENER

Confidence and Control for the Largest Door in your Home

FLEX 800 | FLEX 1000B

PEACE AND QUIET MEETS PEACE OF MIND

Kwikset FLEX Smart Garage Door Openers bring flexibility, security, and convenience to the largest door in your home, from the same Kwikset you trust on your front door. With advanced features and trusted Kwikset dependability, FLEX openers make coming and going easier than ever.

CHOOSE THE KWIKSET FLEX OPENER THAT FITS YOUR LIFE

Kwikset FLEX 800

The perfect opener for everyday convenience:

- Quiet DC motor for residential garage doors of most sizes
- Bright, energy-efficient LED lighting
- Patented anti-theft door release for added security
- Smartphone control through the Kwikset® app.

Kwikset FLEX 1000B

All the features of the FLEX 800, plus:

- More powerful motor for heavier or insulated doors
- Enhanced LED lighting
- Rechargeable backup battery included for operation during power outages.

SUPPORT YOU CAN COUNT ON

Trust your professional garage door dealer to help you choose the right opener and provide a flawless installation.

FLEX FEATURES

QUIET OPERATION

Smooth, dependable operation that won't disturb your household:

- Whisper-quiet DC motors
- Soft start/stop technology
- Perfect for garages adjacent to living spaces

CONNECTIVITY

Connect your garage door via Wi-Fi or Bluetooth to your smart ecosystem:

- Apple CarPlay, Android Auto and HomeLink in-car control
- Amazon Alexa, Google Home, and Apple HomeKit voice control coming soon
- Control your Kwikset smart garage door opener and entry door locks via the Kwikset app

SECURITY

Simple-to-operate protection for your home:

- Patented anti-theft door release
- Vacation Mode remote lockout
- Real-time smartphone alerts
- Secure access control

Features are easily managed through the Kwikset smartphone app, letting you control your garage door with all the other Kwikset smart locks in your home.

LED LIGHTING

Light up every corner of your garage:

- Natural white, dimmable lighting
- Three brightness levels
- Selectable time to turn-off
- Manual work light mode

BATTERY BACKUP

Open your garage door during power outages with Kwikset FLEX 1000B:

- Rechargeable backup battery included
- Approximately 20 open/close cycles or 48 hrs of operation*
- Seamless power transition
- Automatic recharging

**Dependent on temperature, battery usage and age.*
