## Unmatched accuracy

Our PLANIX R1 lidar camera captures 1,000 measurements per scan.

## Cut fieldwork by 50%

Capture a 3,000 sq. ft. property in 15 minutes and get CAD floor plans and 3D models in 72 hours or less.

## Seamless collaboration

Share 3D virtual walkthroughs with clients and contractors to improve communication.

## Effortless adoption

Integrates with AutoCAD, Chief Architect and Revit.

# MC3 Design's success story

Streamline every phase of your project with precise CAD floor plans and 3D models

## How iGUIDE transformed their workflow

MC3 Design cut field measurement time by 50% using iGUIDE. What used to take 4 hours with two people now takes just 1-2 hours with one. iGUIDE's precise floor plans and 3D models eliminated errors and improved collaboration with contractors and clients.
