

Make your spec homes stand out with smart lighting

Why smart lighting

Add a touch of ambiance, convenience, and security to transform your home with Deako.

MODERN DESIGN

Add style and luxury to match the details in your home.

SECURITY

Provide added safety and peace of mind.

CONVENIENCE

An extra set of hands to help when you need them most.

AMBIANCE

Set the perfect mood for entertaining, dining, or winding down.

TOTAL CONTROL

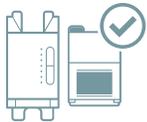

Create scenes and schedules or even use your voice for control.

The Deako Modular System goes in every switch location in the home

Why Deako for spec builders

We partner with spec builders of all sizes to maximize home value and buyer appeal without increasing complexity or installation time.

Differentiate from your competitor

Add value to your homes
