

# Elevate Your Custom Homes with **trusscore**<sup>®</sup>

As a custom home builder, the materials you outfit a home with are more than just a reflection of your customer's preferences — they're also a reflection of your business. **To show that you value quality and integrity through the materials you build with, it's important to offer premium alternatives to traditional materials like drywall and MDF.**

**Where can you install Trusscore?**  
*Nearly everywhere.*

**INSTALLS  
4x FASTER  
THAN  
DRYWALL**

AVAILABLE IN ● ●

**Trusscore<sup>®</sup> SlatWall<sup>™</sup>**  
PVC slatwall panels designed to organize any space  
*Available in 8 ft. lengths*

AVAILABLE IN ● ●

# Why Choose **trusscore**®?

Trusscore® Wall&CeilingBoard™ and Trusscore® SlatWall™ elevate high-end homes' interiors and garages with a bright, clean, and luxurious finish. Made from durable, moisture-resistant PVC, they install easily — no special tools or skills needed — saving time and labor costs while increasing profit margins. Plus, their strength and easy maintenance ensure lasting beauty for your clients.

**A smarter choice for you, a superior experience for them.**

### Expand Your Portfolio with a Premium Product

Your customers expect quality, and Trusscore delivers. Built to outlast the buildings they're installed in, our PVC panels resist scratches, dents, mold, yellowing, and fading — offering durability that drywall and MDF can't match.

### Unlock Upsell Opportunities with Garage Upgrades

Garage organization is booming, with the market projected to hit \$36B by 2028. A two-car garage requires about 1,000 sq. ft. of Trusscore, translating to \$3,000-\$5,000 in projected sales — a major upsell over drywall.

### Speed Up Projects with Quick, Seamless Installation

Trusscore Wall&CeilingBoard weighs 40% less than drywall and installs 4x faster — no mudding, taping, priming, or painting needed. With just a drill and screws, anyone can install it — no specialized labor required.

### Maximize ROI with Lower Install & Maintenance Costs

Save on materials, labor, and long-term upkeep. Compared to drywall, Trusscore offers higher margins for you and lower total ownership costs for homeowners over the time in their home.

### Get Materials Fast with Nationwide Distribution

Our network of distributors and retailers across North America ensures delivery within just a few days, reducing lead times, order volumes, and costs.
