

LUNAWOOD

RECONNECTING NATURE
WITH PEOPLE

Designed and crafted with over 20 years of expertise, Lunawood offers sustainable and long-lasting wood solutions for interior and exterior spaces.

Lunawood is best known for dimensional stability, durability, and natural production process. Lunawood products provide high structural integrity as well as a visual harmony to all environments. Our two Lunawood Collections, the Nordic Collection and the North America Collection offer versatile solutions for the exteriors, landscaping projects, and interiors in a most sustainable and healthy manner - without any chemicals.

Lunawood provides a wide selection of premium tongue and groove profiles for cladding and panelling, battens for decorative wood structures and surfaces, and decking boards with a hidden fixing system.

Lunawood Hardwood Panels

MADE IN THE USA

Visit Lunawood at **Booth W6090** in the **West Hall** to discover the stunning North America Collection product range! Perfect for both indoor and outdoor applications, it offers the versatility to create seamless transitions between spaces by using the same product inside and out.

The North American Collection features premium products made from thermally modified Yellow Poplar and White Ash, enhanced completely without chemicals. Designed to meet the highest standards of technical performance and aesthetic appeal, Lunawood brings a touch of nature to all spaces, even in the most demanding environments.
