**NEW! INSPIRATIONS COLLECTION
LINEAR SHELVES**

60”L x 4”H x 8”D 87lbs.

and 84”L x 4”H x 8”D 132lbs.

Made and cast in the USA from a patented ASTM E136 non-combustible molding material, for use indoors or out. Clean and sleek with light wood graining, our Linear Collection is perfect for today’s linear or traditional fireplaces. Ample 8” shelf depth, each piece is meticulously hand painted and finished just waiting to welcome you home.

**ALL MODELS SHOWN IN 84” LENGTH. THE 60” LENGTH IS MADE FROM THE SAME
UNIQUE MOLD AS THE 84” AND WILL VARY SLIGHTLY IN APPEARANCE.
PLEASE VISIT OUR WEBSITE WWW.PEARLMANTELS.COM**

What makes these mantels so special? They are (ASTM E136) non-combustible replicas of actual pieces of wood and stone formed or naturally patinaed by Mother Nature’s magical beauty. Our subjects were found in rock quarries, barns and forests. Each model is completely unique to Pearl Mantels and will not be found or seen anywhere else in the market.

THE TAVERN
Shown in Toasted Rye Finish

THE CUMBERLAND
Shown in River Rock Finish

*“There’s nothing as warm
and welcoming as a crackling
fire in an open fireplace...”*

THE NEW RIVER

NATURAL CUT STONE

Shown in Arctic Blast Finish

...The dancing flames can lift
your spirits and melt away the
most stressful day in a matter
of minutes. But to truly be part
of the home, a fireplace must
warm our hearts even when
there is no fire in the grate.”

THE TAVERN

60”L x 6”H x 8”D 110lbs.

and 72”L x 6”H x 8”D 120lbs.

The hand hewn White Oak timbered beam that was the architect for our patented molding material was rescued from a Midwestern barn that no longer functioned. Storied with years of history and Mother Nature’s magic, this mantel is the perfect compliment to your indoor or outdoor décor. Due to the natural imperfections captured in the reclaimed wood, the shelf will not have uniform dimensions, i.e. shelf height and depth will be marginally different across the entire mantel.

ALL MODELS SHOWN IN 72” LENGTH. THE 60” LENGTH IS MADE FROM THE SAME UNIQUE MOLD AS THE 72” AND WILL VARY SLIGHTLY IN APPEARANCE.
PLEASE VISIT OUR WEBSITE WWW.PEARLMANTELS.COM

FIELDSTONE FINISH: 72” MODEL NCT-72FS AND 60” MODEL NCT-60FS

RIVER ROCK FINISH: 72” MODEL NCT-72RR AND 60” MODEL NCT-60RR

TOASTED RYE FINISH: 72” MODEL NCT-72TR AND 60” MODEL NCT-60TR

WHEAT FINISH: MODEL NCT-72W AND 60” MODEL NCT-60W

HEAT CLEARANCES - For safety precautions, regardless of which Wood, MDF, Cast Stone or Non-Combustible Pearl Mantels product you are mounting, follow heat clearances as stated by local building codes and the manufacturer of your fireplace insert or stove for **COMBUSTIBLE** shelves and surrounds. **Please choose carefully as all of our Inspiration products are custom made and may not be returned or cancelled.**

THE NEW RIVER

60" L x 6" H x 6" D 70lbs.
and 72" L x 6" H x 6" D 75lbs.

Reclaimed from the barn it once supported, this statement piece is rich with history and character. Made in the USA, the beautiful nuances created by its labor intensive past and Mother Nature have been cast and preserved by a patented molding material. Each piece is then meticulously hand painted and finished just waiting to welcome you home. Due to the natural imperfections captured in the reclaimed wood, the shelf will not have uniform dimensions, i.e. shelf height and depth will be marginally different across the entire mantel.

ALL MODELS SHOWN IN 72" LENGTH. THE 60" LENGTH IS MADE FROM THE SAME
UNIQUE MOLD AS THE 72" AND WILL VARY SLIGHTLY IN APPEARANCE.

THE CUMBERLAND

60" L x 6" H x 8" D 110lbs.

and 72" L x 6" H x 8" D 120lbs.

For use indoors or out, this live edged ASTM E136 non-combustible mantel shelf was replicated from a Pine wood beam found nestled in the woods near some old barns. Although its origin is unknown, its character is very much alive with its history. Saw marks, bark remnants, insect life, weathering and natural beauty are all meticulously captured and preserved by a patented molding material and then lovingly hand painted and finished. Made in the USA, this shelf has an 8 inch depth allowing for ample room on top for personal affects. Due to the natural imperfections captured from the reclaimed wood, the top of the mantel shelf will have natural offsets and depressions, versus a flush top, and the dimensions will vary slightly, i.e. shelf height and depth will be marginally different across the entire mantel.

ALL MODELS SHOWN IN 72" LENGTH. THE 60" LENGTH IS MADE FROM THE SAME UNIQUE MOLD AS THE 72" AND WILL VARY SLIGHTLY IN APPEARANCE. PLEASE VISIT OUR WEBSITE WWW.PEARLMANTELS.COM

NATURAL CUT STONE NON-COMBUSTIBLE MANTEL SHELF

Shown in Greystone Finish

NATURAL CUT STONE

60"L x 5"H x 9"D 100lbs.

and 72"L x 5"H x 9"D 115lbs.

The chiseled front edge springs to life through the artistry of a meticulously hand painted finish. Made in the USA, this shelf has a 9 inch depth allowing for ample room on top for personal affects. Due to the natural imperfections captured from the Limestone, the top of the mantel shelf will have natural offsets and depressions and the dimensions will vary slightly, i.e. shelf height and depth will be marginally different across the entire mantel.

HEAT CLEARANCES - For safety precautions, regardless of which Wood, MDF, Cast Stone or Non-Combustible Pearl Mantels product you are mounting, follow heat clearances as stated by local building codes and the manufacturer of your fireplace insert or stove for **COMBUSTIBLE** shelves and surrounds.
