

## The company profile

Zhejiang Fabiao Sanitary Ware Co. Ltd. is an integrated professional bathroom product manufacturing company including R&D, designation, production, and sales. With the ISO 9001 quality system certification and ISO 14000 environment system certification, Fabiao uses ERP production information management system for daily operation.

Fabiao has achieved 'The Top Ten Brand of Recognized Quality in China', 'China's Top Ten Green Bathroom Industry Brand', and many other awards, and accessed to a number of appearance patents, utility model patents.

Now Fabiao has more than 400 franchised stores and dealers around China. Fabiao's products have also been exported to USA, Canada, Russia, Middle East, Germany, Brazil, Australia, and many other countries.

## ACRYLIC

The bathtubs are made of the highest quality acrylic, which is made of LUCITE MMA, which makes the inside of the bathtub pleasant to touch, heats up quickly and retains heat. Acrylic also muffles the noise of the water stream.

It is a material with high resistance to discoloration, thanks to which bathtubs made of this material are easy to clean, and it is also distinguished by its lightness compared to other materials.

## STRENGTHENING THE BOTTOM OF THE BATHTUB

The bathtubs have a safe and stable bottom, which is the result of using reinforcement in the form of a plate, which stiffens the structure. Moreover, the entire structure of the bathtub is stabilized with a layer of a specially selected resin mixture.

## ADJUSTING THE LEGS

each bathtub has adjustable legs in the frame, which allow for individual height adjustment of the bathtub. The legs have increased strength, which increases the stability of the entire structure.

The drain is located centrally, thus creating a space for two people in the bathtub. The bathtub offers a comfortable bathing space and a comfortable ergonomic position.
