## Wall and Ceiling Panel

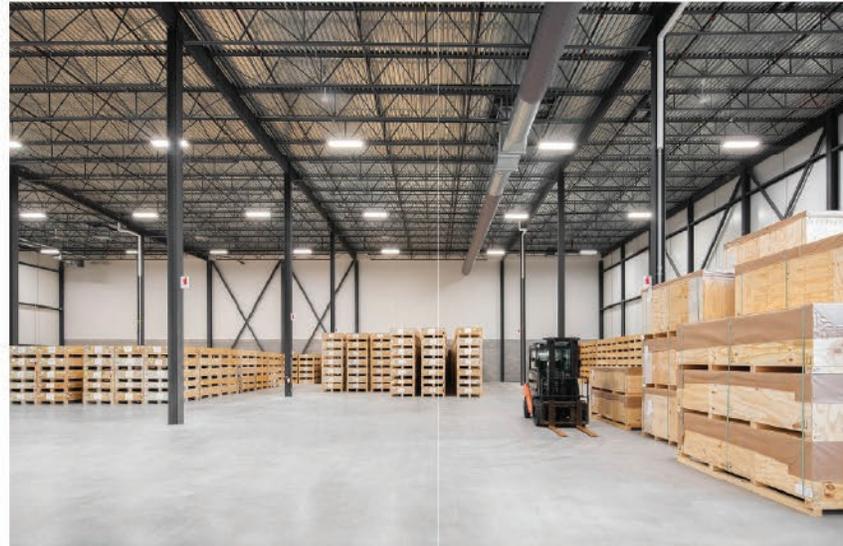

### Agricultural Applications

Protect and enhance your planting areas and storage spaces with ZZIPIR Flatwall 16" panels. Built to last and easy to clean.

### Warehouse Applications

Easily cover unsightly or unfinished walls and other areas in a warehouse with the ZZIPIR Flatwall 16" panel. This panel also helps maintain a cleaner, more organized warehouse environment.

### Car Wash Applications

The ZZIPIR Flatwall 16" panel is ideal for car wash installations thanks to its waterproof design and secure engagement system.

## Wall and Ceiling Panel

### Food Applications

Engineered for demanding food-service and food-processing environments, the ZZIPIR Flatwall 16" panel delivers a sanitary, waterproof design and a reliable connection system that helps maintain superior hygiene.

### Plane Applications

Built to handle the demanding conditions of aircraft hangars, the ZZIPIR Flatwall 16" panel delivers exceptional durability, moisture resistance, and easy maintenance for a cleaner, more functional workspace.

### Barn Applications

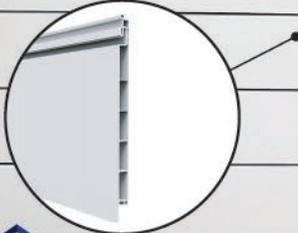

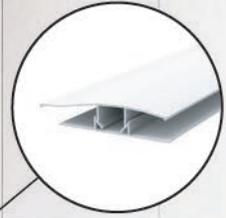

The ZZIPIR Flatwall 16" panel provides barns with durable, moisture-resistant, and low-maintenance walls, improving both performance and appearance.
