Tubular Daylighting

Brighten Your Home with Natural Light

Shed Light On the Things You Love Most

Solatube Daylighting Systems bring the outside in and fill your room with beautiful, natural light. So you can create inspiring spaces where you love to live and work.

Multiple Fixture Options

Function and Beauty Come Standard
Completely customize your daylighting with our Architect Series. Multiple shapes, diffuser types and frames mean your fixtures fit both your lighting needs and design sensibilities.

JustFrost

Available in square or round. 160 & 290 Models

TierDrop

160 & 290 Models

Natural Light. Brilliant Technology.

Capture Raybender® 3000 Technology

A patented daylight-capturing dome lens that:

- Redirects low-angle sunlight for maximum light capture
- Provides consistent daylighting throughout the day
- Rejects overpowering summer midday sunlight

LightTracker Reflector

An innovative in-dome reflector that:

- Redirects low-angle winter sunlight for maximum light capture
- Increases light input for greater light output
- Delivers year-round performance

Transfer

Spectralight® Infinity Tubing

Tubing made of the world's most reflective material that:

- Delivers 99.7%** specular reflectivity for maximum sunlight transfer
- Provides the purest color rendition possible so colors are truer, brighter
- Allows for run lengths over 30 feet to deliver sunlight to lower floors
- INFRAREDuction™ Technology integrated using a proprietary process to filter out infrared wavelengths and minimize solar heat gain

Generate

Integrated Solar Electric Technology

ISn Models automatically emit a soft glow after dark.

- Photovoltaic panel collects solar energy
- Stored energy powers the NightLight which automatically turns on at night

Deliver

Decorative Fixtures and Add-Ons

Form and function combine for optimal daylight diffusion with:

- Solatube Decorative Fixtures
- Warming and softening Effect Lenses
- Ventilation, dimmer and nighttime lighting options
- Available shapes in round or square

290 DS Low Profile Collector

As part of our Architect Series, the 290 DS Low Profile Collector is designed to help make your home look fabulous. If you want a sleek, unobtrusive look, the low-profile collector delivers an attractive, subtle appearance on your roof.

** Specular reflectance greater than 99% with wavelength specific reflectance up to 99.7% for the visible spectrum
