STONE HARBOR HARDWARE UNVEILS NEW ADDITIONS TO DOOR AND HOME HARDWARE PRODUCT LINES

Appleton, Wis. – January 27, 2025 – In the world of design, the smallest details can elevate a space, taking it from ordinary to extraordinary. And with Stone Harbor Hardware's recent expansion to its door and home hardware product lines, builders, designers and homeowners have even more choices when it comes to the finishing touches for their projects.

Stone Harbor Hardware has introduced new hooks that are perfect for closets, entryways, bathrooms, pantries and more. The modern robe hook is available in both single hook and double hook configurations and features a sleek, angular design. With their hidden installation flange, the modern robe hooks have a streamlined look when installed and are available in satin nickel, matte black and satin brass finishes. The contemporary coat and hat hook features a double-pronged design that projects 3-1/8" from the wall, making it ideal for spaces like lockers and mudrooms. The coat and hat hook is available in the popular satin nickel and matte black finishes, making it easy to create a cohesive look in any home.

"At Stone Harbor, we understand that the smallest details can make the biggest impact in home design," said Erich Russ, president of Stone Harbor Hardware. "From robe hooks to adjustable strikes, these new items give builders, designers and homeowners the tools they need to create spaces are both functional and aesthetically pleasing."

In addition, Stone Harbor has also expanded its door hardware line with several items, including swing door guards, chain door guards, ASA door strikes, adjustable door strikes, hinge pin door closers and patio door security pins. These items are available in many popular finishes, including matte black, making it easy to coordinate with existing hardware in replacement settings.

Industry professionals at the 2025 International Builders' Show and Kitchen and Bath Industry Show can see these new items and the rest of the Stone Harbor product line at booth #C7937 at IBS.
