

FOR IMMEDIATE RELEASE

Broan-NuTone® Disrupts the Market with Launch of EVOLVE™ Premium Bathroom Fan

Guaranteed Performance with Revolutionary Design with EVOLVE™ - The only Premium Exhaust Fan Guaranteed to Maintain Airflow, No Matter the Ductwork Complexity

Hartford, Wis. (February, 25 2025) – [Broan-NuTone®](#), the industry leader in indoor air quality and ventilation products, is proud to showcase the EVOLVE™ Premium exhaust fan series at the 2025 International Builders Show (IBS), a groundbreaking innovation in bathroom ventilation. Engineered to outperform, the EVOLVE™ series is set to transform the industry with its unique combination of advanced motor technology and TrueCFM™ Technology that guarantees airflow performance no matter how complex the ductwork. This, along with unparalleled ease of installation, reflects Broan-NuTone's® commitment to quality and dedication to the contractor, allowing builders and installers to be confident in code compliance. Made in Hartford, Wisconsin, USA, the EVOLVE™ series ensures superior craftsmanship and reliability, meeting the highest standards of manufacturing.

Next-Level Performance, Next-Gen Design: Time to EVOLVE™

The EVOLVE™ Premium exhaust fan series is the only product on the market that guarantees airflow performance, regardless of the complexity of the ductwork. This revolutionary feature drastically reduces the need for call-backs, providing peace of mind for installers and end-users alike. With selectable CFM options (50-80-110 and 110-130-150), the EVOLVE™ series offers the perfect ventilation solution for any bathroom size, ensuring optimal performance through 0.4" static pressure.

Premium Features:

- **TRUECFM™ Technology:** Guarantees airflow performance no matter how complex the ductwork. Selectable CFM maintains consistent airflow, eliminating the guesswork for installers.
- **Near-Silent Operation:** Provides a tranquil bathroom experience with noise levels barely noticeable.
- **30% Faster Installation:** The innovative slide-and-lock installation mechanism saves time and effort, allowing for quick and easy setup.
- **Seamless Design:** The CleanCover™ grille blends effortlessly into the ceiling, offering a sleek, modern look that is also easy for homeowners to keep clean.
- **Slide-Clip™ Grille/Cover:** Ensures fast and hassle-free maintenance without the need for springs.
- **Code Compliance:** Meets ENERGY STAR®, ASHRAE 62.2, and LEED whole home ventilation requirements with continuous run capability.

- **Modular Flexibility:** The EVOLVE™ series is the only modular solution in the market that allows for the integration of multiple modules, including humidity and motion sensing, within a single fan housing.
- **Versatile Mounting:** The mounting frame allows for easy positioning anywhere on center joists.
- **5-Year Warranty:** Backed by award-winning customer service for added assurance.
- **Made in the USA:** Designed and manufactured with pride in the United States, ensuring superior quality, reliability, and adherence to stringent manufacturing standards.

"We are evolving bathroom ventilation for luxury homes by offering the best airflow performance on the market. Builders no longer have to pick between airflow performance that meets code and a beautiful design." Said Chris Kroeninger, General Manager, VP of Exhaust Ventilation at Broan-NuTone®. "Contractors will save time and frustration on the job with EVOLVE which was designed from packaging to the last step of installation to address the most common pain points of installing a bath fan."

Visit Us at IBS 2025

Broan-NuTone invites 2025 International Builders Show attendees to visit our booth (C5907) to explore the EVOLVE™ Premium exhaust fan series. Experience its innovative features, and speak with an expert to learn how EVOLVE™ can simplify installations and enhance bathroom design for any project.
