

## FOR IMMEDIATE RELEASE

### **Broan-NuTone® Showcases Roomside Series at the 2025 International Builders' Show** *ENERGY STAR® certified Roomside Series delivers innovative, easy-to-install ventilation solutions for healthier indoor air quality*

**Hartford, Wis. (February 25, 2025)** – [Broan-NuTone](#), a leader in home ventilation solutions, is excited to debut its innovative Roomside Series at the 2025 International Builders' Show (IBS). Designed for builders, contractors, and remodelers, the Roomside Series offers a modern, cost-effective approach to enhancing indoor air quality and meeting today's building code requirements.

Building on Broan-NuTone's legacy—trusted in over 110 million homes nationwide—the Roomside Series features ENERGY STAR® certified products that combine effortless installation, quiet operation, and superior air quality. Each fan incorporates patented EZDuct™ technology for airtight installation, SlideClip™ grilles for fast, springless assembly and easy cleaning, and the seamless CleanCover™ design, blending into ceilings for a sleek, modern appearance.

During IBS, attendees can explore the following Roomside Series products and speak with Broan-NuTone experts:

#### **Roomside Series Bathroom Exhaust Fan [with LED Light \(80 CFM\)](#):**

Combines quiet operation (1.5 sones), energy efficiency, and durable, dimmable LED lighting rated for 50,000 hours. Perfect for spaces up to 75 sq. ft., this fan offers long-lasting performance with style.

#### **Roomside Series Bathroom Exhaust Fan [\(60 CFM\)](#):**

An ultra-quiet solution (0.9 sones) for smaller spaces up to 45 sq. ft., this fan delivers superior ventilation while maintaining energy savings of over 50%.

#### **Roomside Series [Humidity Sensing Bathroom Exhaust Fan with LED Light](#):**

Features built-in humidity sensing technology to automatically adjust operation based on room moisture levels, reducing mold and bacteria risk. Ideal for maintaining a healthier, comfortable environment.

Visit Broan-NuTone's booth (C5907) at IBS 2025 to experience the Roomside Series firsthand. Explore how these innovative solutions can elevate your projects while meeting the demands of modern homeowners and building codes alike.
