

Innovative Automated Manufacturing Solution for Light Gauge Steel / Cold Formed Steel Construction

Excellent user-friendly Design Software
for Light Gauge Steel / Cold Formed Steel Structures

MF2500P Multi Profile Framer

63 - 300 mm web size

0.75 - 2.5 mm thickness

LGS Industrial Applications

- Warehouses
- Production halls
- Animal shelters
- Agricultural building
- Parking roofs
- Steel frame garages
- Solar mounting racks
- Roofing systems
