EFFORTLESS INSTALLATION, STUNNING RESULTS

Achieving a flawless finish has never been simpler. **Luxairy Vents™ PermaFlow Air Return Vents** are designed for effortless integration during new construction or post-construction retrofits. Our streamlined process of position, tape, mud, sand, and paint, transforms a functional necessity into an invisible design element.

Each PermaFlow vent arrives pre-primed and ready to accept your chosen finish, ensuring perfect colour matching with your interior palette. The precision-engineered 3/4" beveled edge allows for seamless mudding and taping, creating a transition so smooth it virtually disappears.

Designed with builders, tradespeople, and interior designers in mind, PermaFlow vents work with standard drywall, making them the ideal choice for residential and commercial applications alike.

The result: walls that breathe beautifully, without interruption.

Elevate your space with Luxairy Vents™ SilhouEase covers

The **Luxairy Vents™ SilhouEase Exhaust Fan and Air Return Cover** series embodies our commitment to transforming everyday necessities into masterpieces of functional art. Available in seven sizes to suit any space, from compact bathrooms to grand living areas, these covers redefine the concept of discreet ventilation.

Each SilhouEase cover features a flush-mount design that integrates seamlessly with your ceiling, concealing exhaust fans and air returns while maintaining easy accessibility. Crafted from premium, moisture-resistant materials and pre-primed for custom finishing, these covers offer unparalleled versatility and lasting beauty.

Where Discretion Meets Sophistication

Experience the perfect fusion of form and function with the SilhouEase series. Our innovative design incorporates straight horizontal slots for optimal airflow, while magnetic tabs ensure effortless removal for maintenance. The pre-primed surface stands ready to accept your chosen finish, allowing for flawless integration with your unique aesthetic.

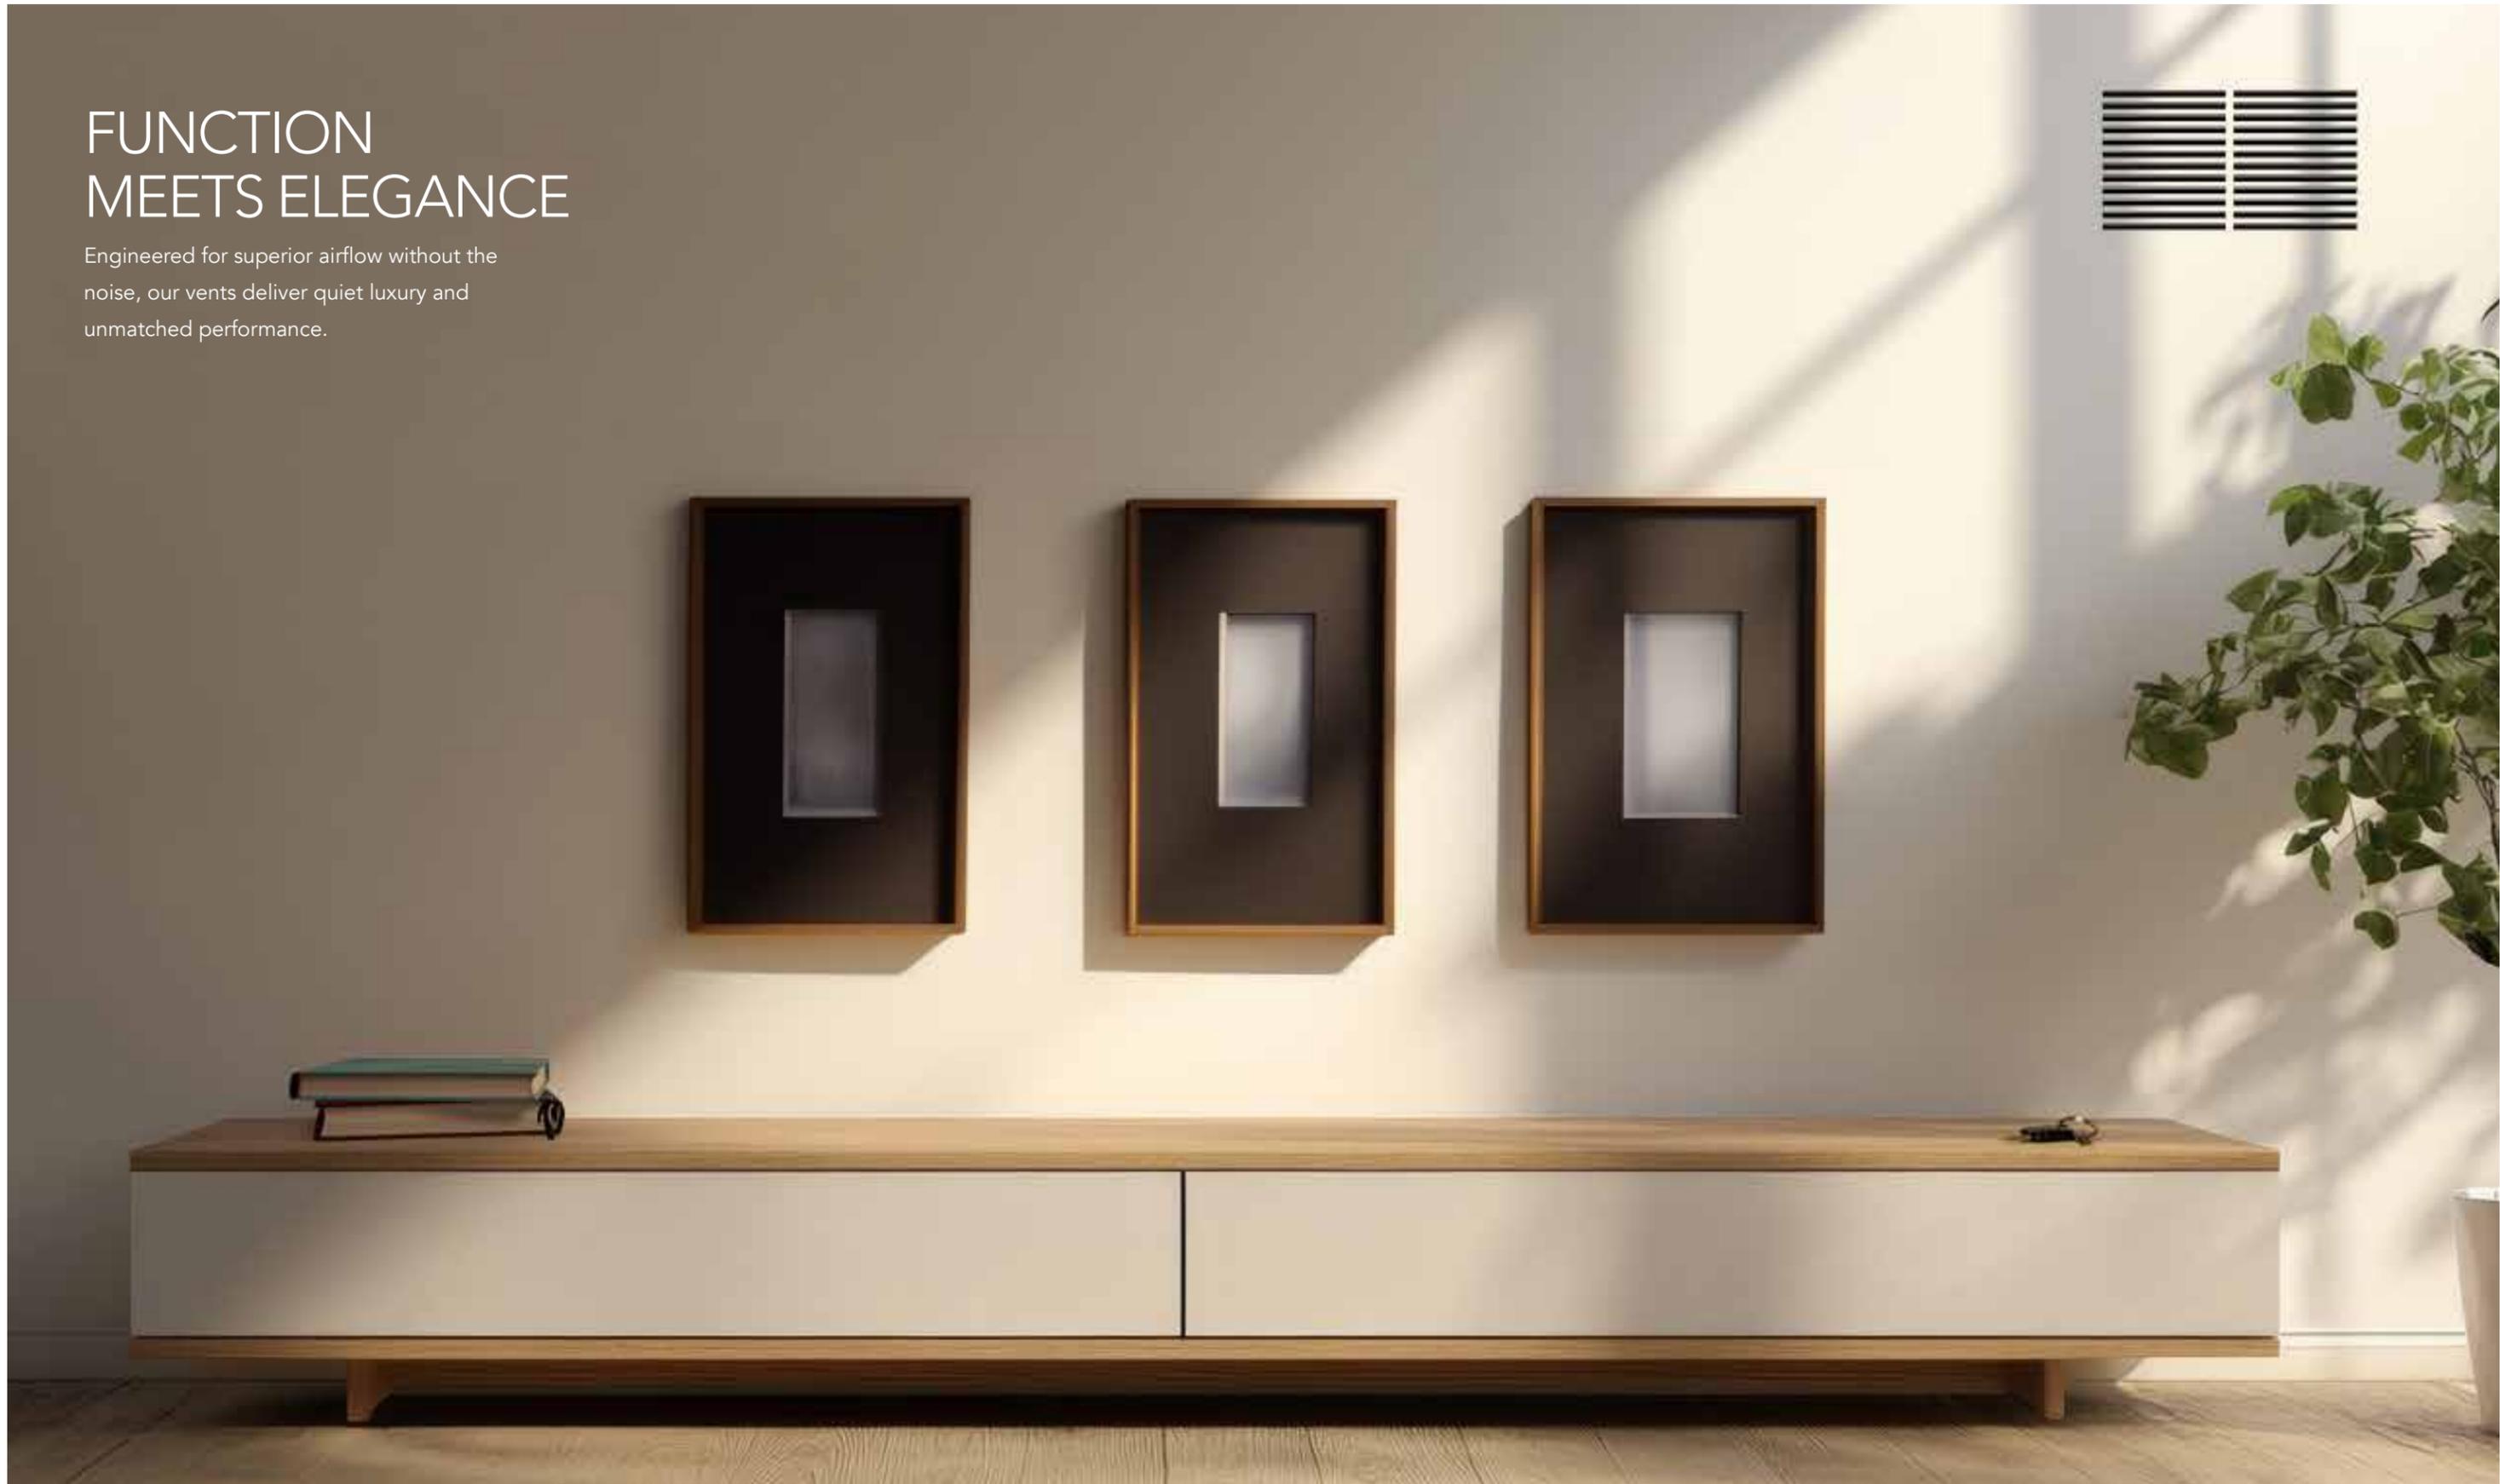

For enhanced air quality, pair any removable air return cover with our optional 1" or 2" Air Filter Clip Sets, allowing you to effortlessly integrate air filtration into your ventilation system. With eco-friendly manufacturing and compatibility with standard drywall, the SilhouEase line delivers refined elegance without compromise.

Crafted from premium materials, including a Satin Coat Galvanized Steel frame and a Triple Fibre Reinforced Cement Board panel, these covers offer superior resistance to moisture, mold, and water damage, ensuring lasting beauty in even the most demanding environments.

FUNCTION MEETS ELEGANCE

Engineered for superior airflow without the noise, our vents deliver quiet luxury and unmatched performance.
