Coastal Hardware Store – NAHB 2026 Media Kit

Your trusted online store for every project — from DIY, renovations, new homes, to commercial projects.

About Coastal Hardware Store

Coastal Hardware Store is your trusted source for premium door and cabinet hardware, offering a carefully curated selection for homeowners, builders, remodelers, and designers. We are a family-owned and operated online retailer that believes in the value of human connection and exceptional service. Our inventory features top brands like Emtek, Baldwin, Deltana, Kwikset, Schlage, and more — ensuring every customer has access to the best in style, security, and durability.

Whether you're updating a single door or outfitting an entire project, our knowledgeable team provides expert advice and product recommendations. From choosing the right finish to finding the perfect fit, we're here to help every step of the way.

Who We Serve

We proudly serve a diverse range of customers — from homeowners, builders, and remodelers to designers, do-it-yourselfers, handymen, facilities technicians, and property managers who rely on us for quality, reliability, and style.

At Coastal Hardware Store, we also understand the unique demands of all projects — from historical preservation and restoration work to modern renovations and new construction. Whether you're maintaining architectural authenticity with period-correct hardware, blending classic design with modern function, or embracing innovation through smart technology solutions like smart locks and connected hardware, our carefully curated selection helps bring history back to life while enhancing the functionality of today's homes — without compromising quality or performance.

From small DIY updates to large-scale commercial developments, Coastal Hardware Store is your go-to online source for hardware solutions that fit every project and every vision.
