### Froth-Pak™ Insulation Spray Foam

A two-component, quick-cure polyurethane foam that fills cavities, penetrations and cracks greater than 2 inches. It dispenses, expands and becomes tack-free in seconds, sealing out moisture, dust and pests while providing an effective air barrier.

### Froth-Pak™ Spray Foam Sealant

A two-component, quick-cure polyurethane foam that fills cavities, penetrations and cracks greater than 2 inches and less than 4 inches wide. Quickly fill larger gaps and penetrations, sealing out moisture, dust and pests while improving energy efficiency and comfort.

## Thermal Protection

New DuPont™ Styrofoam™  
Brand ST-100 XPS features  
reduced GWP formulation

## Flashing Products for Windows & Doors

### DuPont™ FlexWrap™ (formerly DuPont™ FlexWrap™ NF)

A self-adhered, flexible flashing that is ideal for flashing window and door sills, arched-top or custom-shaped windows and larger penetrations to help seal out water and air.

### DuPont™ Flashing Tape

This 100% butyl-backed, self-adhesive flashing tape helps create a protective envelope around heads and jams of rectangular windows and doors.

### DuPont™ StraightFlash™

A premium, durable, 100% butyl-backed, self-adhered flashing material for straight jambs and heads of rectangular windows and doors to help prevent water damage from wind-driven rain and stop air penetration.

### DuPont™ VersaFlange™ Flashing

An innovative, dual-sided, 100% butyl-backed, self-adhered flashing for brick mold and non-flanged windows and doorsto help prevent water damage and air penetration.

### DuPont™ Sill Pan (formerly WEATHERMATE™ Sill Pan)

A translucent, molded, adjustable polymer sill pan for flashing the base of windows that provides an innovative and effective barrier against water intrusion, even in sill corners.

### DuPont™ Weathermate™ Flashing

A flexible, self-adhering, asphalt-free material used on wood, insulating sheathing, house wrap and concrete substrates to prevent water from entering the wall through windows, doors and other penetrations

### DuPont™ FlexWrap™ EZ

An easy-to-apply, self-adhered, flexible flashing for sealing smaller exterior electrical, heating, ventilation and air conditioning (HVAC) and plumbing penetrations.

## Spray Adhesives, Sealants and Gasket

In a world where craftsmanship often goes unnoticed, the Great Stuff™ Pro line provides results too substantial to ignore. From start to expertly finished, Great Stuff™ delivers effective, industry-leading products that are tough enough for pros.

## Roofing

### DuPont™ TileBond™ Roof Adhesive

For adhering concrete and clay roof tiles.

### DuPont™ Tyvek® Protec™ Roofing Underlayments

A portfolio of engineered synthetic roofing underlayments offered in three grades: Protec™ 120, Protec™ 160 and Protec™ 200, each with industry-leading walkability, durability, strength, warranty protection and UV resistance.

### DuPont™ Tyvek® Roof Protector™

This engineered synthetic roofing underlayment has a high strength-to-weight ratio and is an economical option for steep slope roofing applications under asphalt shingles or metal roofing panels.
