TOUGH PANELS FOR TOUGH CONDITIONS

WEYERHAEUSER DIAMOND™ FLOOR PANELS

INTRODUCING DIAMOND

**BUILD THE BEST FLOORS POSSIBLE,
IN THE TOUGHEST OF CONDITIONS**

WEYERHAEUSER DIAMOND™ FLOOR PANELS

A diamond is one of the hardest and most impervious materials on earth. And our Weyerhaeuser Diamond panel lives up to that reputation: it's strong, durable and forged using time and pressure.

Over 20 years ago we pioneered the manufacture of enhanced subfloor panels, and as technology progressed, our scientists kept pace to deliver a new benchmark in performance: a panel that is tough, highly resistant to weather, and engineered to save you time and money with our easy-fit T&G edges. By adding Diamond to our line of quality subfloor solutions that include Edge™ and Edge Gold™ panels, Weyerhaeuser can help you build the best floors possible, in the toughest of conditions.

- Limited lifetime warranty
- 500-day no-sand guarantee
- Patented DownPore® self-draining technology
- Easy-fitting tongue-and-groove edges
- Fully sanded face for uniform thickness
- Every panel ships working-side up

WEYERHAEUSER DIAMOND™ FLOOR PANELS

FLOOR PANELS WITH A REPUTATION YOU CAN COUNT ON

Homeowners spend a considerable amount of time and money on upgrades. But what about the floor? No; not the carpet, hardwood or tile... but what lies underneath. Replacing or repairing the subfloor after final floor covering has been installed can be incredibly expensive, so using the right floor panel from the start is critical.

At Weyerhaeuser we made this our mission and specifically engineered the Diamond subfloor panel to be an industry leader in quality. As a builder, you can be confident that Diamond will resist inclement weather without the need for sanding and you know our easy-fit tongue-and-groove edge will save you time on installation. Quality matters to homeowners and the superior strength and nail retention capability of our Diamond panel will help prevent the squeaky floors, ridging hardwood, and cracking tile that are often the top complaints with commodity subfloor panels.

Timing matters. Quality matters. Your subfloor matters. That's why you can build your reputation on Weyerhaeuser Diamond.

No sanding. No delamination. We guarantee it.

LIMITED LIFETIME STRUCTURAL & 500-DAY NO SAND WARRANTY
Weyerhaeuser Diamond™
Single-Layer Subfloor

What Is Covered?
 Weyerhaeuser 1/2" Diamond™ (bearing) floor panels, when properly installed as a single layer flooring in a home, is warranted by Weyerhaeuser 100 Years (Weyerhaeuser 100 Year Guarantee) against delamination for the lifetime of the product. This warranty is limited to the original purchaser of the product. The warranty does not cover the cost of sanding or repair of the floor. This limited warranty is transferable and applies to any current owner of a home in which the Weyerhaeuser Diamond™ panels are installed.

Definition of Covered Conditions
 Delamination is defined as an excessive separation of strands within a panel which results in a reduction of the structural capacity of the panel. Minor surface delamination (e.g., surface cracking) is not covered by this warranty. This warranty does not cover the performance of Weyerhaeuser Diamond™ panels outside the U.S. and Canada, or when installed in a hot or cold climate.

- Delamination requires water intrusion, during or after completion of construction.
- No nails or other fasteners or related devices.
- Manufacturing or construction defects in the home.
- Damage to or improper maintenance of the panel prior to or during installation.
- Incompatibility with moisture treatments, aggressive building fluids, or generally increased construction practices.
- Damage to or improper maintenance of the finished floor covering.

What Weyerhaeuser Will Do
 An inspection covered by this warranty, Weyerhaeuser will pay for the repair or replacement of the single layer flooring including removal and replacement of adjacent panels. This includes the single layer flooring and floor covering or adhesive cost, and the reasonable cost of labor.

What You Must Do
 You must notify Weyerhaeuser in writing of any claim under this warranty within 90 days of the discovery of suspected delamination or edge splitting. The inspection cost of inspecting the affected area may be covered by the warranty only if the inspection is completed prior to the installation of the final floor covering.
