

# Preassembled Drain Pump Series

Remove water from areas with no gravity flow.

This kit works great for laundry trays, wet bar sinks, lavatories, air conditioning condensate, and dehumidifiers. Can also be used in conjunction with dishwashers and garbage disposals. The included 1/3 HP submersible sump pump will move up to 43 gallons of water per minute and passes 1/2" solids.

## Features:

- Preassembled kit ready for installation
- Automatic Model 53<sup>®</sup> featuring inline check valve
- Built-in check valve simplifies installation
- Corrosion-resistant polypropylene basin with tank cord seals and basin cover
- No inlet filters or screens to clean
- Low profile, can be installed in base cabinet under a sink
- Trap can be installed inside basin
