DECKING
2022 CATALOG

THE OUTSIDE COMPANY™

Get outside and live your best life

We realize that inside each of us, there is an Outside Side™ — a side begging to get out there, to be outgoing, to break out of our same old inside routines and to outdo ourselves with our outdoor space. At Barrette Outdoor Living, we help your Outside Side run free with products that constantly beckon you out there. We know there is an Outside Side in everyone and we're firm believers that it's our best side because we're The Outside Company™.

Your vision

Your home is more than just a space. It's where you raise a family. It's where friends gather, and seasons come and go. It is a living, breathing picture of your life. With our diverse and flexible range of outdoor living solutions, Barrette Outdoor Living can help you bring any vision to life.

Our mission

Barrette Outdoor Living strives to be the best in product design and innovation, inspired by those who work with and for us to create superior outdoor living solutions both professionals and homeowners demand. At the core of our business is a place where integrity, ingenuity and skill meet.

Our promise to you

At Barrette Outdoor Living, we believe in making things right. We proudly stand behind our products by providing dedicated support, superior customer service and product warranties that feature some of the most comprehensive coverage in the industry. With decades of experience behind us, we are quite confident in the craftsmanship and quality of our products, but we also realize things happen. If that thing happens, we promise to make it right within the constraints of our warranties.

Leading the way

Crafting quality

Making it right

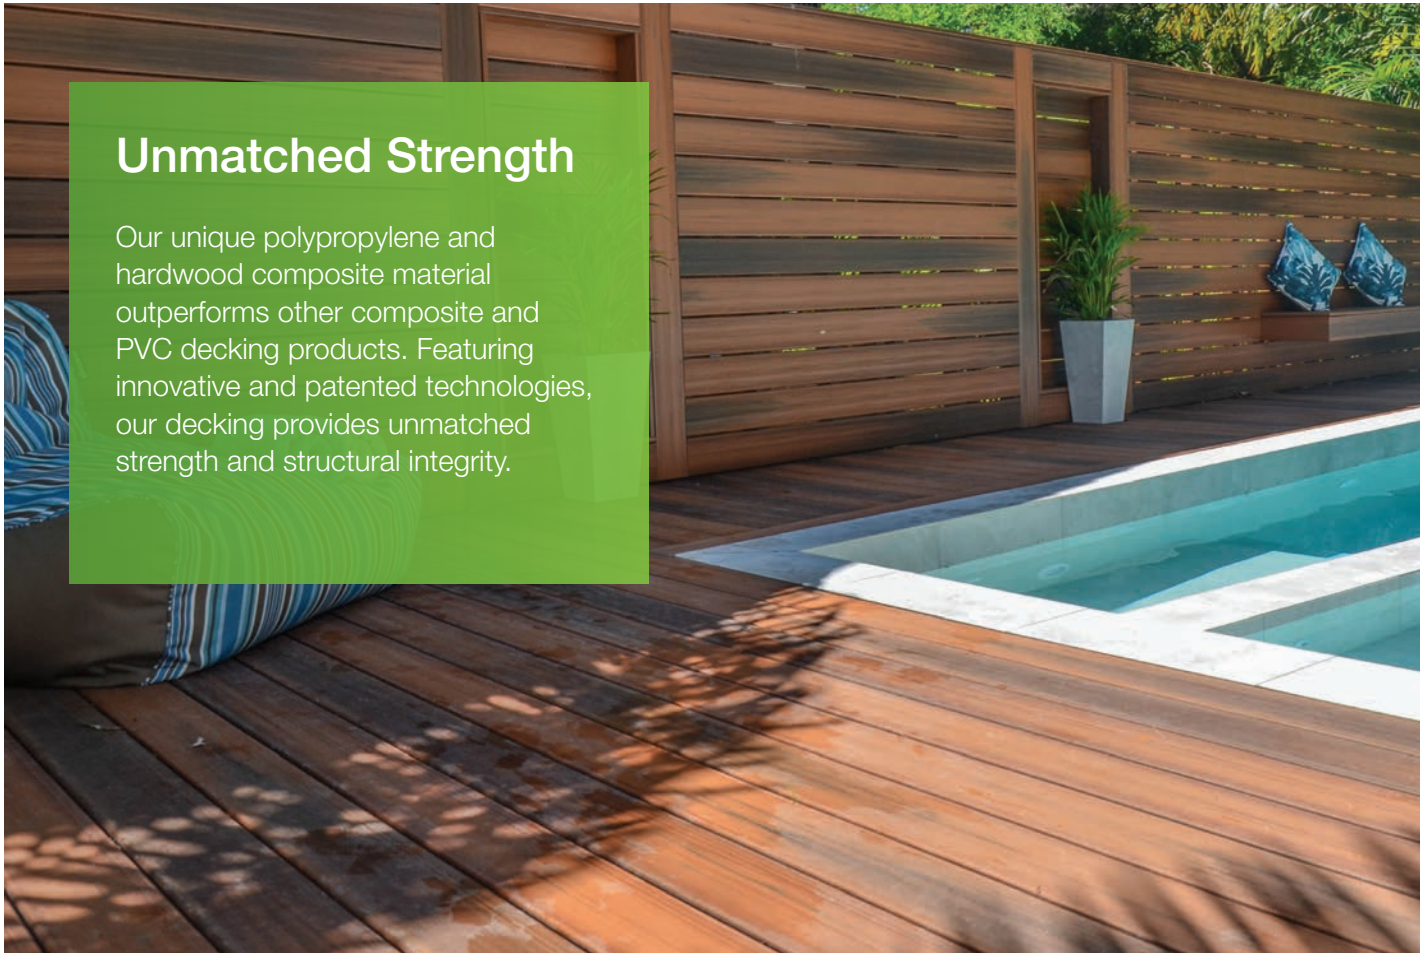

Being responsible

Barrette Outdoor Living can help make your outdoor vision a reality. As the leading North American supplier of exterior home products, we manufacture and distribute fencing, railing, decking and other outdoor products. **To learn more, visit us at barretteoutdoorliving.com/warranty**

BARRETTE OUTDOOR LIVING DECKING

Make your deck dreams come true with our durable, low-maintenance composite decking. Offering several eco-friendly collections, we make it easy to find a style that satisfies any taste and budget.

Unmatched Strength

Our unique polypropylene and hardwood composite material outperforms other composite and PVC decking products. Featuring innovative and patented technologies, our decking provides unmatched strength and structural integrity.

CoolTrac™

CoolTrac provides 136% more slip resistance and keeps boards up to 18% cooler than traditional composite decking.

SolarGuard®

SolarGuard technology provides fade resistance so that your outdoor living products will maintain a like-new finish for years to come.

Step-Clip®

Step-Clip delivers a quick, easy and efficient deck installation solution that locks boards into place with a single step — no special tools needed.

Poly-Pro Advantage®

The Poly-Pro Advantage is a unique polypropylene and hardwood composite that outperforms other composite and PVC decking products.

NATURE KNOWS HOW TO DELIVER A BEATING

Barrette Outdoor Living Decking is made to withstand any weather. All of our decking products undergo rigorous testing to ensure exceptional durability and performance in any environment — including those subject to extreme heat, heavy rain, snow, ice and wind. You'll have peace of mind knowing our products can "weather the weather."

CoolTrac™ Advantage

Barrette Outdoor Living Decking is engineered to absorb heat more efficiently than other brands of decking and provides superior slip resistance in both wet and dry conditions.

Heat Resistant

Featuring a unique polypropylene cap that covers the surface of the deck boards, our decking products are over 18% cooler than traditional composite decking.* So even in the most extreme heat, our deck boards can be walked on with bare feet.

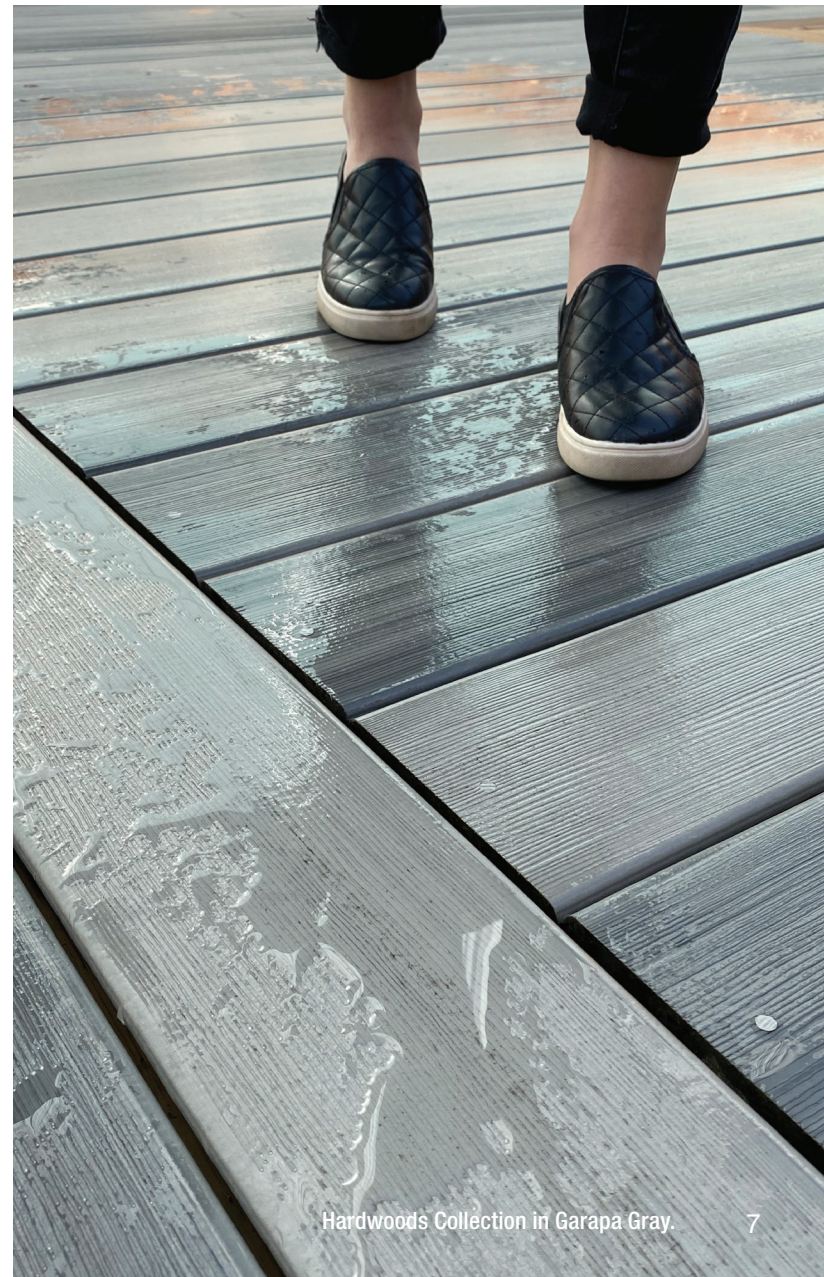

**Results based on testing of similar deck colors — tested via ASTM D4803.*

Slip Resistant

Providing superior slip resistance and traction, Barrette Outdoor Living Decking offers maximum safety and peace of mind. Our decking is 136% more slip resistant than competitor's products when wet and 56% more slip resistant than competitor's products when dry.**

***Based on testing complying to ANSI/NFSI standards.*

YOUR DECK, YOUR CHOICE

A deck is a staging ground for fun, laughter and memories. Whether designed for entertaining, soaking up the sun or as a quiet backyard respite, Barrette Outdoor Living Decking has a three-step solution that helps you identify your decking needs to ultimately meet your outdoor goals.

Hardwoods Collection in Tropical Walnut.

1. Decide on a Color

From rich, wood tone colors with variegated wood grains in our Hardwoods Collection, to the solid, earth tone hues found in our Landscapes Collection, we can help you achieve any desired design aesthetic.

2. Choose a Profile

How do you plan on using your deck and how much do you have budgeted for the project? Multiple profile options allow you to meet any requirements for performance and value. No matter which profile you choose, our decking products are all made from the same durable material.

3. Pick a Fastening System

Four different fastening systems are available to install deck boards as efficiently and securely as possible. Each system provides a clean, finished deck surface. Choose what works best for you and your skill level.

Want to see and feel our deck boards up close?
Order samples, delivered to your door — at barretteoutdoorliving.com.

Hardwoods Collection in Garapa Gray.

Custom Length Program

Your choice in length — perfect for large jobs that require non-standard lengths.

- ✔ 750' minimum order size*
- ✔ 6' to 24' lengths available
- ✔ No extra cost or up-charge
- ✔ Available for all collections
- ✔ Extra board length (approximately 1/2")**

* Per length, color and profile

** May require minor field cut

HARDWOODS™ COLLECTION

The Hardwoods Collection of eco-friendly composite decking offers rich, wood tone colors with variegated grains in boards to replicate the look and feel of real wood.

PRODUCT BENEFITS

- Manufactured using recycled content
- Multiple ways to easily install including Step-Clip system that saves up to 50% installation time
- Custom length program available
- Made in the USA

HOMEOWNER BENEFITS

- CoolTrac ensures superior heat and slip resistance
- Designed to stand up to the harshest weather conditions
- Easy to maintain
- 25 Year Limited Warranty

DESIGN VERSATILITY

- Nature inspired design replicates the look of wood
- Unique and non-repeating variations
- 4 decking profiles
- Color-matched screws available
- Available in 4 colors

LANDSCAPES™ COLLECTION

The Landscapes Collection of eco-friendly composite decking features solid, earth tone colors that complement any outdoor living space.

PRODUCT BENEFITS

- Manufactured using recycled content
- Multiple ways to easily install including Step-Clip system that saves up to 50% installation time
- Custom length program available
- Made in the USA

Siesta™ Profile

Premium quality decking for ultimate performance and durability, available in Barrette Outdoor Living Hardwoods and Landscapes Collections. When the greatest performance is essential, choose Siesta Profile decking.

MVP™ Profile

Gorgeous durable decking at a maximum value. Made from the same durable composite material as our Siesta Profile decking, MVP is the choice for value-conscious homeowners looking for beautiful, low-maintenance decking at an affordable price.

Starter™ Profile

Create a stunning border with Barrette Outdoor Living Starter Profile decking. The Starter Profile works together with our Siesta and MVP boards to hide the exposed edges of perimeter deck boards and stair treads — creating a clean, professional appearance.

Square Edge™ Profile

Perfect for clean edges, the Square Edge Profile board lets you create a deck top surface on your railing or can be used for other custom projects where a clean edge is needed on both sides of the board. Available in select colors in both Landscapes and Hardwoods Collections.

Color-Matched End Caps

Deck board end caps provide a clean, finished appearance to edges of deck boards if picture frame border is not installed. Fits all decking profiles and is the perfect solution for covering stair edges.

PICK YOUR PROFILE

Choose from four decking profiles to meet your specific requirements for design, performance and value. All four profiles are made from the same durable material and are available in all colors, but offer different levels of performance, value and function.

FASTENING SYSTEMS

Barrette Outdoor Living offers four ways to easily install decking, allowing you to choose the system that works best for your needs and skill level.

Step-Clip Hidden Fastener installation

1. Step-Clip®

Barrette Outdoor Living's patented Step-Clip system **reduces deck installation time by up to 50%**. No spacing, extra measuring or grabbing for fasteners — and less time bending up and down. Decking can be laid out in advance to ensure that its appearance is pleasing to the homeowner, and the contractor can install special cut boards around posts and other obstructions after all other boards are in place.

Easy to Replace

Step-Clip makes replacing damaged boards significantly easier.

No Special Tools

Install interlocking strips along joist with a nail gun or hammer.

No Joist Protection Tape

The strip protects the top of the joist from water damage, rot and decay.

2. Fastenator™

Strong, durable and easy to install, the Fastenator hidden fastening system provides a stable, barefoot-friendly surface and improves the aesthetic appeal of the deck. Great for all traditional decking installation methods including angled or herringbone deck patterns and stair treads.

3. Starborn® Pro Plug® System

The Starborn Pro Plug System is the ideal way to hide and blend colors when using a traditional face-screw installation method. Using a three-step method which includes color-matched plugs that are made from the same material as our decking to cover inset screws. For use with Siesta and Starter Profiles only.

EASY three-step process:

A

DRILL

B

SET

C

PLUG

4. Starborn® Color-Matched Screws

For Fascia Board Installation:

The Starborn Deckfast Fascia System features colored screws that complement our deck board offering. A pre-drill tool, that creates an oversized hole to allow for expansion and contraction without putting a large amount of force on the screw, is also available.

For Deck Board Installation:

Starborn Cap-Tor® xd screws are designed to provide a uniform finish to our decking. A depth setter tool is also available and makes it easy to set Cap-Tor xd screws at a consistent depth.
