DesignRail® Kits

SERIES 150 TOP RAIL

Top rail profile for level areas, installs between posts

SINGLE CORNER POST

Unique design allows continuation of cable through corners with only one post

BASE MOUNTED POSTS

Durable 3/8" thick base plate with fully-threaded stainless steel lag screws, provide a strong and secure attachment

CABLERAIL INFILL WITH BOTTOM RAIL

with bottom rail profile 3-1/4" above deck (order separately)

SERIES 150 STAIR HANDRAIL

Functions as top rail for stair railing, and meets residential handrail graspability code requirements

PRE-DRILLED STAIR POSTS

Makes it easy to install CableRail infill at stairs, for 29-34 degrees (max 2" setback from nosing)

POST/TOP RAIL/PICKETS COLOR OPTIONS

TEXTURED BLACK

MATTE BLACK
