

**HIGH-QUALITY STEEL
SOLUTIONS TAILORED
TO YOUR NEEDS.**

MID-CONTINENT
STEEL AND WIRE

A DIVISION OF

DEACERO[®]

BUILDING AND SECURING YOUR FUTURE.

Since 1972, MID-CONTINENT STEEL AND WIRE® has been providing exceptional steel wire products and solutions across America.

We are the American Division of DEACERO®, which since 1952 has been one of the most important companies in the production, commercialization, and distribution of steel wire finished goods, long steel products, and reinforcing steel in the world.

We are a company different from all others in the steel industry because of our integrated business model; our great diversification of markets and portfolio of products and solutions; and for producing sustainable steel, which is at the core of a green economic world.

One of the lowest CO₂ emissions per ton of steel in the world.

COMMITTED WITH SUSTAINABLE GROWTH

Our strict energy consumption standards, extensive water recycling policy, and near-zero particulate emissions, minimizes the carbon footprint of our manufacturing and production facilities. We are an active member of the US Green Building Council, the LEED certification that promotes the use of recycled and recyclable goods. Our products automatically qualifies for LEED credits MR 4.1 and MR 4.2.

HIGH-QUALITY STEEL PRODUCTS AND SOLUTIONS

+200 PRODUCT
FAMILIES

+9,000 sku's

We serve the CONSTRUCTION MARKET with a broad mix of superior products and fabricated steel reinforcing solutions.

Tie Wire & Bundling Wire

9GA - 16GA BLACK ANNEALED WIRE

- 100 LB Coils (Larger Spools available upon request)

16GA - 16.5GA TIE WIRE

- 3.5 LB Coils (Available in Square and Round Center)
- Black Annealed & Galvanized • ASTM A853

Rebar

STRAIGHT, COILS & SPOOLED

(Cut & Bent Rebar also available)

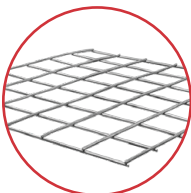

- Sizes: #3 - #11 • Lengths: 20 ft - 60 ft (Shorter Cut Lengths also available)
- Coil Size: 1.4 mt • Spooled Size: 3 mt
- Grades: ASTM A615 G40 -G80 | A706/G60 & A706/G80

Bars (MBQ) & Beams

S BEAMS, WF BEAMS, ANGLES, CHANNELS, FLAT BARS, ROUNDS & SQUARES

- 20ft - 60ft Standard Lengths (Shorter Cut Lengths also available)
- ASTM A36, A529-50, A529-55, A992 & A572-50

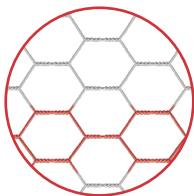

Welded Wire Reinforcement Mesh

ENGINEERING MESH (EWWR)

- Made-To-Order, Custom Sheet Designs/Sizes
- Wire Sizes: D2.1 - D3.1 • Flat Sheets (Bent Sheets available upon request)

STANDARD MESH (SWWR)

- 6"x6" & 4"x4" Openings • Wire Sizes: D1.4 - D6
- Sheets & Rolls • Bright or Galvanized
- ASTM A1064 & ASTM A641/A641M

STAR Stucco Netting

STAR STUCCO 20 GA 1" x 36" x 150ft

- Self-Furred

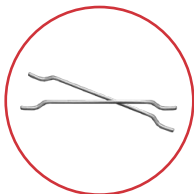

STAR STUCCO 17 GA 1 1/2" x 37" x 150ft

- Available in Self-furred and in Non-Furred
- Made with ASTM A641 Galvanized Wire
- ASTM C1032, ICC ESR-2277

Erosion Control Wire Products

- Sod Staples
- Gabions & Lacing Wire
- Silt Fence Wire Backing (Welded Utility, Field Fence & Chain Link)
- Hexagonal Netting

Steel Fibers

- Applications: Precast, Shotcrete, Industrial Floors, Concrete Slabs, Seamless Floors
- Designs: P50-100, P50-75, L33-55, L33-75
- Units: 20 kg Box & 1,200 kg Polypropylene Bag
- Made with Polished Cold Drawn LC Wire
- ASTM A-820, ISO-13270, EN 14889-1

PC Strand

- 1x7 270 ksi Low-Relaxation
- Diameter: 0.50" (0.60" also available as MTO)
- Min Elongation: 3.5% • Coil Length: 270 kft
- Uncoated & Galvanized • ASTM A416
- Successful Completion & Approval of ASTM A1061, 1000-Hour Relaxation Testing

Fabricated Steel Solutions

FABRICATED REBAR

- Options: Bent Rebar, Cut Rebar, Rebar Pins

SMOOTH CUT DOWELS - A36 & G60

FABRICATED BARS & BEAMS

- Options: Cut, Punch, Weld
- Finishes: Uncoated, Galvanized, Primed

Steel Fencing Solutions

DESIGNMASTER FENCE SYSTEM

- Galvanized + Non-Toxic Powder Coating

CHAIN LINK FABRIC

- Non-Compact & Compact • 6GA - 12.5GA
- Galvanized, PVC Coated & Zinc Aluminum

WIRE FENCE PRODUCTS (Panels, Razor Wire, Crimp Wire, Barbed Wire, Fixed Knot Fence)

MAGNUM Fasteners

HAND DRIVE BULK NAILS (Common, Duplex, Spike, Box, Vinyl Sinks, Joist Hanger, Masonry)

PLASTIC STRIP NAILS - 21° • Bright & HDG

PAPER TAPE NAILS - 33 1/2° • Bright, HDG & Bright/Hardened Joist Hanger Nails

WIRE COIL NAILS - 15° • Bright, HDG, EG & Hardened • Smooth, Ring & Screw Shank

STAPLES - 16GA EG • Crown: Medium & Wide

- ASTM F-1667, ICC ESR-1539

PRODUCTION CAPACITY

4.5 MILLION TONS
Steel production capacity per year.

1.4 MILLION TONS
Wire production capacity per year.
