## STEP INTO THE SPOTLIGHT

---

Whether you want to bathe a room in light or simply add some accents through illumination, we are proud to offer the options in lighting you deserve to make your plans a reality. Our dedicated team is happy to assist with recommendations, quotes, and information to facilitate your project.

We welcome inquiries from building industry, hospitality, retail, and the interior design clientele with unique or difficult lighting challenges in need of solutions. Your creations aren't "off the shelf" endeavors, and we're here to make sure that your lighting looks and feels like a custom design too. In nearly 50 years of operation and two generations of our customer-first legacy, we look forward to impress with new styles that define and dazzle.

It's your time to shine —  
Let Maxim Lighting make it happen.

## Decorative Interior Lighting

So much of our world is defined and elevated by lighting; dramatic silhouettes, a warm glow that welcomes in the senses encouraging connection and comfort. At Maxim Lighting, we've been refining these cutting-edge lighting trends, and now it's time to introduce them into your own space. We offer the finishing touches you've been looking for in lighting.

## Maxim Mission Statement

Maxim Lighting International is committed to the achievement of a leadership position within the lighting community through the ongoing introduction of exclusively designed product and superior customer support focused on the middle and upper middle marketplace.

“ D.R. Horton is pleased to have Maxim Lighting Group Companies as its exclusive lighting supplier. I believe that the Maxim/ET2 offerings combined both traditional and contemporary designs. Those characteristics help maintain high value in D.R. Horton and Emerald homes. Maxim representatives have worked with us to make sure that our production schedules and product needs are being met. ”

## Low Profile Light

These lights are designed for the consumer who wants the low profile of recessed lights without the high cost. Although often considered a functional ceiling light, there are multiple close-to-ceiling light styles that can fit a variety of interior design schemes and show off your style.

## Under Cabinet Lighting

Cabinet lighting is a versatile home necessity. It functions as a light source in hard-to-see places, but also as an accent in any kitchen, office or bathroom. Not only does it create beautiful ambient light, but it is also easy to install.
