Discover the World of Feeney®

For more than 75 years, Feeney® has led the industry with innovative and easy-to-install architectural products for both residential and commercial applications. At Feeney, we understand that your designs are a unique work of art—and just like any masterpiece, it's all in how you frame it.

With the highest-quality products to surpass the highest expectations, Feeney makes it easy to elevate virtually any project.

Create a Space that Inspires

DesignRail® in Bronze with wood cap rail, CableRail Infill

RAILING SOLUTIONS

With endless design options, Feeney makes it possible for you to create a look and feel that will perfectly complement any space. From trendy to traditional to everything in between, Feeney's railing solutions give you the power to bring your customized vision to life from the inside out.

A HIGHER LEVEL OF PROTECTION

Feeney's powder-coated finish adheres to AAMA 2604 coating specifications for superior impact, weather resistance and color retention.

The background of the entire page is a photograph of a modern architectural railing system. The railing features a stone wall on the left and a curved stone wall on the right. The railing itself is made of a metal frame with various infill options, including stone, glass, and cable. The text 'design·RAIL®' is overlaid on the right side of the image.
