Software Developed  
for Your **Home and  
Building Supply Business**

# Spruce® software has been the trusted industry-specific solution for nearly 35 years

End-to-end business management software that streamlines operations and drives growth

INDUSTRY  
SPECIFIC

CLOUD-  
BASED

EASY  
& INTUITIVE

END-TO-END  
SOLUTION

SECURES  
YOUR DATA

Spruce is easy-to-use and completely integrated, which reduces costly errors and improves communication across departments. With access to your data from anywhere, you can make decisions based on facts, positively impacting the bottom line.

Spruce allows us to identify new opportunities in our business to improve inventory management, boost overall gross margins, and control our expenses more effectively.”

-Steve Hull, Timbertown

---

# Built around core document management functionality

All transactions are automatically linked in the software. Plus, with a document scanner you can attach packing lists, handwritten notes, tax forms, or virtually any Windows® file.

## Accounting

Everything you need to simplify accounting processes. Process month-end statements in minutes. Pay invoices faster and more accurately. Integrated GL procedures are straightforward with built-in financial reporting.

## Graphical Analytics & Reporting

Stay informed on day-to-day operations and make decisions based on data instead of instinct. Includes an extensive library of predefined reports and dashboards.

## Purchasing & Inventory

Spruce helps you purchase the right inventory, and seamless integration with vendors makes the process easy and fast! Special orders are painless.

## Point-of-Sale

Process customer transactions quickly and effectively with painless returns, easy customer lookup, and you can even send transactions via email.

## Delivery

The load scheduler helps organize deliveries easily, using drag and drop capabilities.

## Easy AP

Automatically convert AP invoices for easier processing and payment.

## POS Assured

An offline option allows you to process emergency front counter sales transactions and print receipts when access to your cloud-based system is unavailable.

## Installed Sales

Efficiently manage installed sales with integration in other aspects of the software, including Orders, Special Orders, Open Tickets, G/L, and A/P.

## Rentals

Don't purchase an expensive add-on solution to manage your rentals operation. With Spruce, you can efficiently manage the business within one system.

## Manufacturing & Millwork

Automate your processes and tracking costs by maintaining consistent manufacturing practices to determine how items impact the bottom line.

## Marketing

Market your business by inserting logos on all documents, printing sales signs, send statement flyers, customer emails, and more.

---

## ECI cloud benefits

- Cutting-edge software that is always current. No manual updates required.
- Data is hosted off-site and protected from natural disaster, fire, and theft.
- Robust security protection from ransomware and other viruses.
- Data is automatically backed up and disaster recovery plans are always in place.
- Increase your productivity with 24/7 access to your system, from anywhere.
- End-to-end business solution at one monthly price.
- ECI exclusive! POS Assured offline option processes emergency front-counter sales if your cloud-based system is unavailable.
