Installing a Century Railing preserves the aesthetic value and striking views of your home. We lead the way by providing the ultimate solution - a distinctive, durable railing system that is guaranteed to provide years of safety, good looks and value.

Available throughout the USA and coast to coast in Canada. Try it for yourself and see how easy it is to make your project a reality.

YOU ARE NOT TIED TO ONE RAILING WITH CENTURY

Century Railings are versatile and you can transition with ease. Century Railing Systems are all designed to fit together so you can install all 3 lines on one deck.

Get the best of both worlds.

CENTURY RAILINGS ARE CUSTOMIZABLE AND FEATURE INTERCHANGEABLE COMPONENTS THAT CAN WORK WITH GLASS, PICKETS OR BOTH.

Always check with your local building inspection authority prior to purchasing or installing Century Aluminum Railings to ensure products are code compliant for the intended usage.

THE CENTURY DIFFERENCE

SIMPLE TO INSTALL. EASY TO ENJOY

Century Aluminum Railing Systems are simple to install, durable, and blend with any architectural style. Perfect for both new and existing homes, our custom railings offer the best of both worlds – uninterrupted views and natural ventilation combined with great looks and versatility.

We're committed to being recognized as the DIY industry leader in providing quality railing solutions to the markets we serve, driven by a determined focus on your needs.

INSPIRED BY NATURE

At Century, we strive to be the responsible choice. To ensure our products meet our standards for quality and sustainability, we have a wide ranging corporate environmental program that guides every aspect of our product development and manufacturing operations

While every effort has been made to reproduce the actual colour of the product, variations may occur in the brochure printing. These colour samples are to be used as a general colour guide only.

DURABLE, STRONG AND SECURE

Our Aluminum Railing Systems are as strong and durable as they are attractive and are designed to be safe. Aluminum railings are up to 40 times stronger than many wood, or vinyl railings.

COLOURS THAT WORK

Our products come in 4 standard Century colours, as shown here to complement your fine home or cottage. Fashioned from the highest quality extruded aluminum with long-lasting powder coated finishes, our handrail systems will hold their stylish appearance for decades.

Product and colour may vary; please check with your local building supply location.
