

POWER PET[®] AUTOMATIC/MOTORIZED PET DOORS

Pet Collar Activated

Includes an ultrasonic **MS-5 TRANSMITTER COLLAR!** FOR DOGS & CATS
Extra Transmitter Collars can be purchased for additional pets.

WiFi Controlled

Remote Control & Monitor with your Smart Phone!

The new Power Pet door is the most versatile, energy efficient, automatic pet door ever developed. Designed and engineered for modern homes to give your family & pets more convenience, energy savings, plus added security. Your dog or cat's transmitter collar activates the Power Pet door as it approaches and the translucent, motorized door panel automatically and safely slides open and shut. Our new WiFi models now allow you to control and program the access times along with monitoring your pets daily routines. You can even program either outside enter access only or inside exit access only. Owning an indoor-outdoor cat or dog has never been easier!

Patio Door Inserts*

Choose the perfect pet door for your home, for your pets & for your security.

POWER PET®

AUTOMATIC MOTORIZED PET DOORS

This is the ultimate in modern home pet doors. The Power Pet is fully-automatic, motorized and activated by your pet's ultrasonic collar. The shatter-proof, translucent door panel automatically slides opens as your pet approaches and closes safely after passage. Featuring a locking dead-bolt for extra home security, it keeps out intruders while the "collar only" activation blocks access by unwelcomed stray animals.
