A piece of Timber really adds value to a fireplace mantel. With fireplaces becoming more and more efficient, clearances to combustibles have increased. Too many times, having a piece of wood above the fireplace is simply not possible. This is why, Ambiance® Dealers have decided to get a solution in place. **These Ambiance® Mantels are non-combustible!**

WHY CHOOSE AN AMBIANCE® FIREPLACE OR GRILL?

Ambiance® transforms a house into a home!

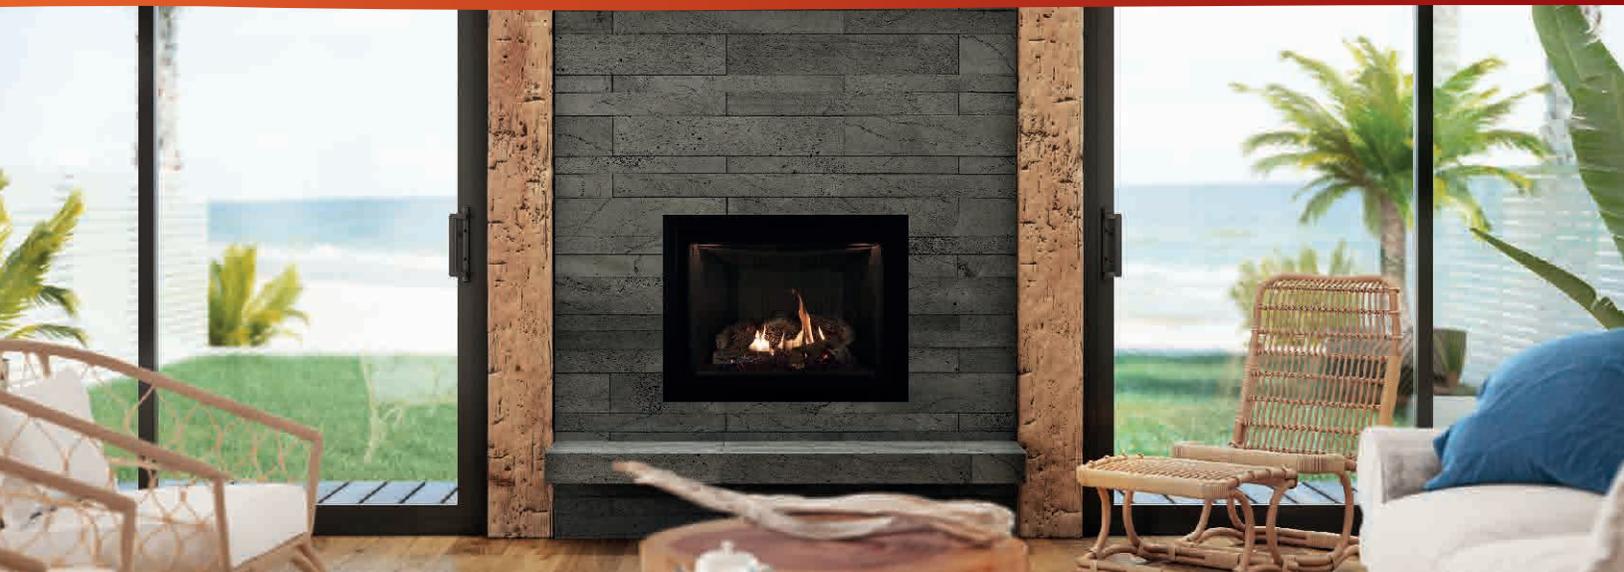

Ambiance® products will add elegance, peace of mind and comfort to the Soul of your home. All Ambiance® products are carefully selected and designed with your home in mind, to enrich the areas of your home where memories and life take place. The best quality and innovation are shown in the enhanced detail and features that add a little «je ne sais quoi» in our Ambiance® designs.

Who are our designers? They are a network of over 300 Hearth & BBQ authorized members from coast to coast covering both Canada and USA. From Alaska to Québec and Florida to California, they know what it takes to warm up your life and use their real-world experience to design quality and innovative products for your home.

Who can sell the Ambiance® products? Only our select authorized dealers who are local professionals and who understand your local codes and standards.

A house needs a sense of Ambiance® to transform into a home.

*Ambiance®
the Soul of your home*
