Contemporary Closet Concepts

Quality Since 1986

Contemporary Closet Concepts is your wholesale, one-stop source for the design and manufacturing of custom and semi-custom closets and organizational storage systems of exceptional quality.

Let us be your in-house manufacturer!

Our custom closets are carefully crafted in Bradenton, FL in our 40,000 sq.ft. facility using premium materials and state-of-the-art computer-aided-design systems and machinery. Our serious attention to quality and details, combined with our on-premises manufacturing, ensures that our solutions meet the exact specifications of our wholesale buyers.

Custom Closets & Storage Solutions

Contemporary Closet Concepts can design and build personalized closets and storage systems including, but not limited to:

- Walk-in Closets
- Bedroom Closets
- Linen Closets
- Garage Systems
- Libraries
- Reach-in Closets
- Home Offices
- Pantries
- Laundry Rooms
- Murphy Beds

We make it easy to work with us!

Contemporary Closet Concepts' closet and storage system manufacturing operations can meet the customization and personalization demands, along with the production needs, of wholesale buyers across the nation.

STEP 1: DESIGN

We offer three easy and convenient ways to design and order your closets:

- Utilize our online ClosetPro closet software for the most efficient way to design, price and order your closets within minutes.
- Send us your design using your own design system and we will price and place your order for you.
- Use our in-house custom closet specialists who work closely with you to create your perfect closet plan. We will design, price, and place your order for you.*

* Additional fees associated with this service.

STEP 2: BUILD & MANUFACTURE

When every nook and cranny is designed to your satisfaction, your closet is built to your exact specifications. Using state-of-the-art computer-aided-design systems and machinery.

STEP 3: SHIP

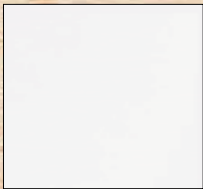

We can flat pack ship your materials to any location in the U.S. Let us be your in-house manufacturer.
