Exterior Woodcare

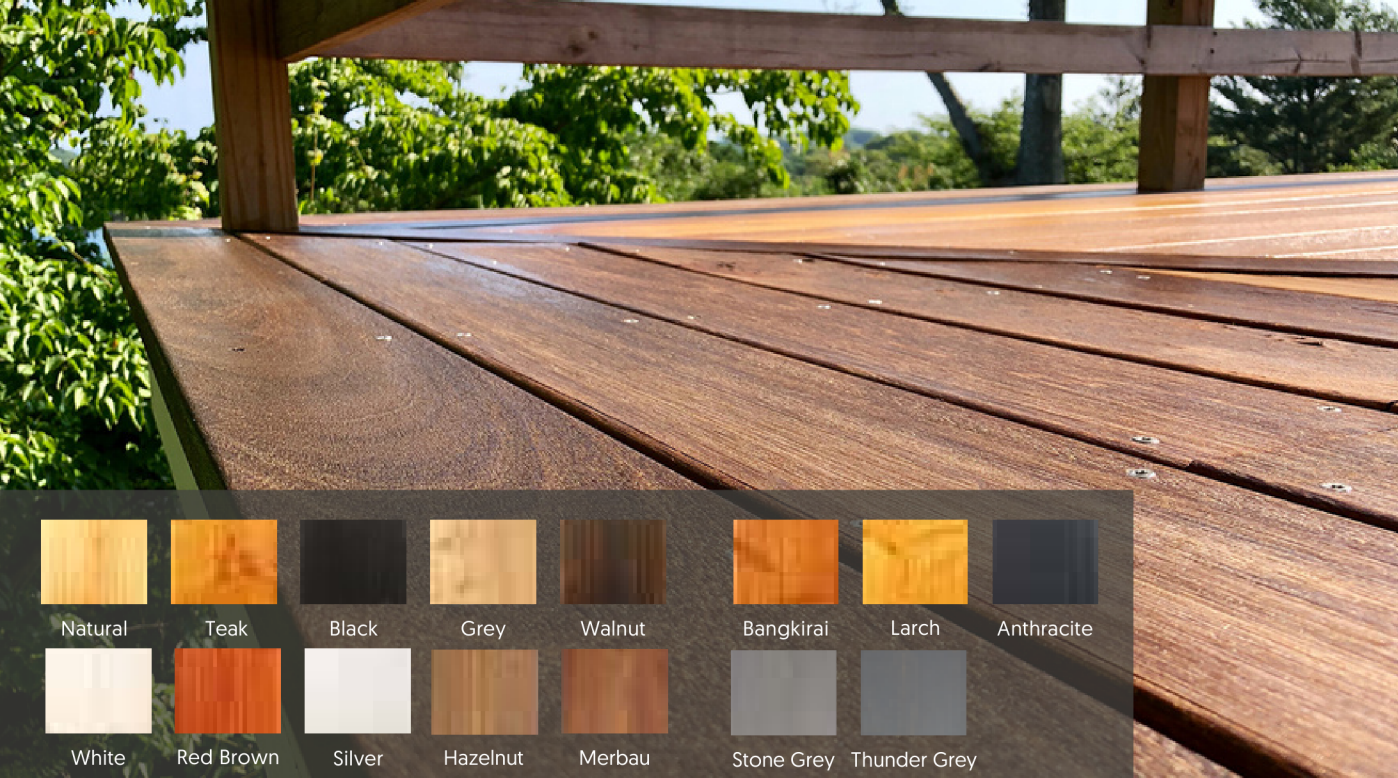

WOCA Exterior products are an eco-friendly solution for outdoor wood and bamboo.

Low odor and low VOC, WOCA Exterior Oil is a water-based penetrating oil that protects from the inside, ensuring your investment is well protected.

By using WOCA, you can extend the life of your outdoor wood decking, furniture, fencing, siding, etc... avoiding unnecessary waste.

The key factor behind WOCA's eco-friendliness is the dustless maintenance process. Unlike traditional finishes that can peel, crack, or flake, WOCA's finish does not require sanding, which means no dust and no waste. Simply clean with WOCA Exterior Wood Cleaner, let it dry, and apply a coat of WOCA Exterior Oil for long-lasting protection.

Choose WOCA and enjoy a lifetime of beauty and protection.
