Product Name: BarrierHL™ -25 psi Underslab Insulation and Vapor Barrier

Description:

BarrierHL™ is a flexible, low-profile, 25 psi, under concrete insulator that is made with ¼" thick EPS foam in flexible 4'x96' rolls. BarrierHL™ protects concrete from heat loss and moisture especially in slab-on-slab applications where a high-load thermal barrier is needed. BarrierHL™ comes with a self taped edge for quick and easy placement.
