GOLDEN FURNITURES VIETNAM & CHINA

With Over 15 years bathroom vanity manufacturer experience in China, Golden Furnitures LLC. set up the bathroom cabinet & countertop factory in Vietnam in 2018 to meet the needs of market development.

The bathroom vanity factory, with **200 workers**, covers **30000 m²** area, capacity of **60 containers/month** and equips large and professional **Dust-free PU spray booths**, **5 production lines**, **32 sanding work benches**, **1 UV line**, professional edge sealing machine. We use new technology to make sure that the factory is clean and dust-free to meet the requirements of environmental protection.

Our factory in China mainly takes charge of the design of new products, making samples and quality control while that in Vietnam is responsible for mass production. We also set up the warehouse in CA, USA for providing samples, showroom and after-sale service.

With the growing business, Golden Furnitures team also focus on supporting products for cabinet like high value hardware fittings, we are able to supply metal parts ourselves such as iron, stainless steel, brass with all kind of accesories for matching the cabinets.

Adhering to the“Quality First” concept, Golden Furnitures is known for it’s high quality and good reputation. We always devote to making the highest quality standard products for our customers.

Development History

Development History

We set up our bathroom vanity factory in China, mainly focus on North America market.

2006

We planned and moved most of our production lines to Vietnam to meet the market development.

2018

Our Vietnam Factory began to mass produce for our American market customers.

2019

We set up the warehouse in CA, USA for sampling, showroom and after-sale service.

2020

2021

We seek to find more cooperative partners.
