

Lowe's Expands Same-Day Delivery Service Nationwide for Pro and DIY Customers in Partnership with OneRail

Customers can now place orders for same-day delivery to jobsite or home on Lowes.com and Lowe's mobile app

MOORESVILLE, N.C., July 19, 2023 – Lowe's today announced it is expanding its same-day delivery service nationwide for orders placed on Lowes.com and the Lowe's mobile app. In partnership with OneRail, a leading omnichannel fulfillment solution, this new delivery option will improve customers' omnichannel experience, with fast and convenient delivery in a matter of hours.

Customers can shop for tens of thousands of products that are in-stock at a nearby store, including building materials, décor, seasonal and outdoor living items, and more. Eligible orders* placed by 2 p.m. local time will be delivered the same day and orders placed after 2 p.m. will be delivered the next day.

"Utilizing all of our 1,700-plus stores for online delivery and fulfillment is essential to becoming a true omnichannel retailer. Lowe's knows our customers want fast delivery options and convenient ways to get the products they need across the home – whether it's preparing the backyard for summer BBQs or getting building materials to the Pro's jobsite on the very same day," said Marvin Ellison, Lowe's chairman and CEO. "This same-day delivery expansion delivers on our Total Home strategy to bring more omnichannel shopping capabilities to DIYers and Pros alike."

"OneRail is proud to partner with a world-class retailer like Lowe's in executing their omnichannel vision," said Bill Catania, OneRail founder and CEO. "The ability to execute same-day delivery fulfillment, whether the customer is placing an order online or on a mobile app, is at the heart of omnichannel transformation and enabled by our OmniPoint software platform and 12-million-driver network."

Lowe's began piloting same-day delivery with OneRail in select markets in 2022.

To begin shopping from Lowe's for same-day delivery, customers can visit [Lowes.com](https://www.lowes.com) or the [Lowe's](#) mobile app and select the "Same-Day Delivery" option during checkout.
